Kwandiwe, Saunders, Chris, 2014-12-10 This volume is an anthology of thought pieces about the ANC contributed by a variety of scholars and thinkers It gives voice to a variety of perspectives on the subject The fact that some authors disagree with each other is all part of what will we hope be an on going debate The book originated from a series of public dialogues that began before the centenary year and continued afterwards being held at the University of Free State The first section covers reflections on how knowledge of the history of the ANC has advanced and the position of that history in the general history of the liberation struggle This section aids a critical appraisal of the state of primary sources used in writing the history of the ANC Chapters in the second half of the book consider some of the various contexts in which the ANC has operated and continues to operate These include the evolution of the ANC s economic policy and how it has changed over time the kind of leadership the organisation provided in redefining gender relations and most importantly the ANC and international relations especially seen from the vantage point of progressive internationalism The last section examines the evolution of Pan Africanism in the ANC s ideological development      *The Roots of Participatory Democracy* M. *External Mission* Stephen Ellis, 2022-07-15 External Mission helped me understand better how the phenomenon of Jacob Zuma and his main legacy state capture became possible MAX DU PREEZ After the ANC was banned by the apartheid government in 1960 many of its leaders and members were forced to leave the country During the next three decades it had to operate in exile and underground Yet the real history of this period remains shrouded in mystery Some events such as the Rhodesian campaign of 1967 1968 and the Kabwe conference of 1985 are well known but lesser known are the intense factional struggles within the organisation recurring pro democracy protests and the creation of a security apparatus that inspired widespread fear Some networks within the exiled ANC became heavily involved in corruption even colluding with

elements of the apartheid security police and secret services External Mission aims to provide a full account of the ANC's years in exile penetrating the secrecy the organisation erected around itself and testing the myths that emerged from that period It is based on an exceptionally wide range of sources including the ANC's own archives and foreign archives such as those in East Germany where the movement's security personnel were trained Incisive and revealing External Mission is key to understanding South Africa today

**Boycotts Past and Present** David Feldman, 2018-12-29 In this book historians and social scientists examine boycotts from the eighteenth century to the present day Employed in struggles against British rule in the American colonies against racial discrimination in the United States during the Civil Rights movement and Apartheid in South Africa today it is Israel that is the focus of a campaign for Boycott Divestment and Sanctions BDS Boycotts have featured in campaigns undertaken by labour consumer and nationalist movements Jews were the focus of some boycotts instigated by nationalist movements in Central and Eastern Europe and Jewish businesses were targeted by the National Socialist regime in Germany In this collection contributors explore the history of past boycott movements and examine the different narratives put forward by proponents and opponents of the current BDS movement directed against Israel one which places the movement within a history of struggles for human rights the other which regards BDS as the latest manifestation of an antisemitic tradition

*Reassessing Mandela* Colin Bundy, William Beinart, 2020-12-17 Seven years since his death 2013 Nelson Mandela still occupies an extraordinary place in the global imagination Internationally Mandela's renown seems intact and invulnerable In South Africa however his legacy and his place in the country's history have become matters of contention and dispute especially amongst younger black South Africans The essays in this book analyse aspects of Mandela's life in the context of South Africa's national history and make an important contribution to the historiography of the anti-apartheid political struggle They reassess the political context of Mandela's youth his changing political beliefs and connections with the Left his role in the African National Congress and the turn to armed struggle his marriage to Winnie Madikizela Mandela and their political relationship By providing new context they explore Mandela as an actor in broader social processes such as the rise of the ANC and the making of South Africa's post-apartheid constitution The detailed essays are linked in a substantial introduction by Colin Bundy and current debates are addressed in a concluding essay by Elleke Boehmer This book provides a scholarly counterweight both to uncritical celebration of Mandela and also to a simplistic attribution of post-apartheid shortcomings to the person of Mandela This book was originally published as a special issue of the *Journal of Southern African Studies*
