Slugger Sals Slump:

The Mackay MBA of Selling in the Real World Harvey Mackay, 2011-11-01 Harvey Mackay is a legend and now he's back with the sum total of decades of sales know-how teaching go-getters how to make the sale and hit the numbers day in and day out. His advice is rooted in road-tested real-world experiences and includes new tips on the Web, LinkedIn and Facebook. As a lifelong student of the sales game, Mackay has spent decades collecting secrets, wisdom and anecdotes. He features his Mackay Morals, life lessons such as: Big shots are just little shots who kept shooting. Helping someone up won't pull you down and could very easily pull them to your side. Be like the turtle. If he didn't stick his neck out, he wouldn't get anywhere at all. There is no one better to show you how to be a high-energy, determined, creative sales dynamo than Harvey Mackay.

People Buy You Jeb Blount, 2010-06-21 The ultimate guide to relationships, influence and persuasion in 21st-century business. What is most important to your success as a sales or business professional? Is it education, experience, product knowledge, job title, territory or business dress? Is it your company's reputation, product price, marketing collateral, delivery lead times, in-stock ratios, service guarantees, management strength or warehouse location? Is it testimonials, the latest Forbes write-up or brand awareness? Is it the investment in the latest CRM software, business 2.0 tools or social media strategy? You could hire a fancy consulting firm, make the list longer, add some bullet points, put it into a PowerPoint presentation and go through the whole dog and pony show. But at the end of the day, there will be only one conclusion: None of the above. You see, the most important competitive edge for today's business professionals cannot be found on this list, your resume or in any of your company's marketing brochures. If you want to know the real secret to what matters most in business, just look in the mirror. That's right, it's YOU. Do these other things matter? Of course they do, but when all things are equal and in the competitive world we live in today, things almost always are. People Buy You. Your ability to build lasting business relationships that allow you to close more deals, retain clients, increase your income and advance your career to rise to the top of your company or industry depends on your skills for getting other people to like you, trust you and BUY YOU. This breakthrough book pushes past the typical focus on mechanics and stale processes found in so many of today's sales and business books and goes right to the heart of what matters most in 21st-century business. Offering a straight-forward, actionable formula for creating instant connections with prospects and customers, People Buy You will enable you to achieve a whole new level of success in your sales and business career. You'll discover three relationship myths that are holding you back, five levers that open the door to stronger relationships that quickly increase sales, improve retention, increase profits and advance your career. The real secret to making instant emotional connections that eliminate objections and move buyers to reveal their real problems and needs. How to anchor your business relationships and create loyal customers who will never leave you for a competitor. How to build your personal brand to improve your professional presence and stand out in the marketplace. People Buy You is the new standard in the art of influence and persuasion.
