Nichols, 2014-06-09 Make your modern sailboat look and work like a salty classic The Golden Age of Sail is long past sadly and much of its lore is nearly extinct Sailboats now almost uniformly use the Bermudan sloop rig a triangular jib and a triangular mainsail But that rig evolved mainly to meet esoteric yacht racing measurement rules It is not necessarily the most efficient or effective rig This book lets sailors rediscover the practical advantages and the aesthetic delights of such configurations as the sprit sail the gaff sail the lug sail and the gunter rig It also includes valuable information on marlinspike work like rope whipping and eye splicing and tips on converting your modern sailboat to a traditional rig _____ Some reviews This will become the classic book on traditional rigs for small boats A concise and thorough compendium on using low cost and efficient traditional rigs the kind that not only look better but work better on small boats than their modern counterparts Gary Blankenship Duckworks Magazine The traditional rigs here are the kind you ll find on the clinker plywood designs of Iain Oughtred and the like rigs with polyester sails and running rigging Tufnol blocks and stainless steel shackles Modern traditional boats if you ll forgive the phrase Similarly there s a nice mix of old and new the manner the material is presented old in the cleanliness of the page design new in the extensive use of colour close up photographs to illustrate details of the rigs Highly recommended Water Craft Magazine Mr Nichols does an excellent job of explaining the fundamentals in terms that are useful to old salts looking to tweak their rigs builders trying to figure out what s next and admirers of traditional design Good Old Boat **Small Boat Sailing** Bob Bond, Steve Sleight, 1983 A step by step fundamental course in sailing dinghies day sailors one design and board boats covers all necessary topics from clothing and safety equipment to sailing techniques and rough weather procedures **American Small Sailing Craft, Their Design, Development, and Construction** Howard Irving Chapelle, 1951 From the author of *Yacht Designing and Planning* and *Boatbuilding* the definitive history and survey of the great classic American small sailing craft **Small-Boat Sailing** E.
