entertained This riveting drama follows the trail of a western outlaw biochemist of the subterranean territories through the neo shamanistic dystopia neo contemplative hoo ha and blatant neoteny of the 1970 s New Age movements on the hunt for more profound and sublime naturalistic roots The reader will be stunned by the enduring power of artistic ideals vis vis wan and vapid philosophical idealisms in molding the indomitable traditions of society With this first Post Lux Swan Song Konrad Ventana manipulates language in a timeless theme as elegant as a classical ballet as poignant as our heartfelt emotions and as enduring as the resonance of a new and illuminating apperception This most remarkable book is truly a picture window to behold
