## MADAME'S EXPERIMENT TO MAKE HUSBANDS

Madame, at last, looked upon the world as a new scene of the future, and a continuation of the state in which he had been engaged. He read it in this way, without being persuaded that he was really under the power of the spirit, and that it had a power to make all the things appear to him as they were. He looked down with great curiosity upon his figure, looked at his nose, and up to his head, and, opening the curtain, he saw a mass of the well-known objects that appeared on each side of his habitation. Every thing seemed to him to be the same, and he said within himself, "I have this in the most distinct manner that is in the world." Then he had recourse again to his eyes, which he carefully opened, without feeling any motion from the first motion of the world.

Madame, using all the consequences of action, continued with a wildness of imagination, to say to him that he had seen at length his true self, and was only waiting time for meeting his

## **Smollett Studies:**

*The Year's Work in English Studies* English Association, 1929      *New Contexts for Eighteenth-Century British Fiction* Christopher D. Johnson, 2011-04-18 *New Contexts for Eighteenth Century British Fiction* is a collection of thirteen essays honoring Professor Jerry C. Beasley who retired from the University of Delaware in 2005. The essays written by friends, collaborators, and former students reflect the scholarly interests that defined Professor Beasley's career and point to new directions of critical inquiry. The initial essays, which discuss Tobias Smollett, Elizabeth Singer Rowe, and Samuel Richardson, suggest new directions in biographical writing, including the intriguing discourse of life writing explored by Paula Backscheider. Subsequent essays enrich understandings of eighteenth-century fiction by examining lesser-known works by Jane Barker, Eliza Haywood, and Charlotte Lennox. Many of the essays, especially those that focus on Smollett, use political pamphlets, material artifacts, and urban legends to place familiar novels in new contexts. The collection's final essay demonstrates the vital importance of bibliographic study.      *Smollett's Women* Robert D. Spector, 1994-06-22 Although Smollett's obvious masculine sensibility has become a commonplace in criticism of the 18th-century novel, the basis and particularities of that sensibility have never been examined. In actuality, his treatment of women, heroines, victims, and comic or grotesque, proves far more complex than conventional commentary suggests. This study attempts to show that in each category, Smollett's treatment depends on the fictional purposes that these characters serve in his novels.      ***The Cambridge Bibliography of English Literature*** Frederick Wilse Bateson, 1940      ***The Cervantean Heritage*** J. A. Garrido Ardila, 2017-12-02 Many critics regard Cervantes's *Don Quixote* as the most influential literary book on British literature. Indeed, the impact on British authors was immense, as can be seen from 17th-century plays by Fletcher, Massinger, and Beaumont, through the great 18th-century novels of Fielding, Smollett, Sterne, and Lennox, and on into more modern and contemporary novelists. 20th-century critics, fascinated by Cervantes, were moved to write what we now see as the classical works of Cervantes scholarship. Through their previous publications, the eminent contributors to this volume have helped to determine the reception of Cervantes in Britain. Together, they now offer a comprehensive and innovative picture of this topic, discussing the English translations of Cervantes's works, the literary genres which developed under his shadow, and the best-known authors who consciously emulated him. Cervantes's influence upon British literature emerges as decidedly the deepest of any writer outside of English, and very possibly of any writer since the Renaissance.      *British Studies Monitor*, 1977

*The Eighteenth-century British Novel and Its Background* Henry George Hahn, Carl Behm, 1985 To find more information about Rowman and Littlefield titles, please visit [www.rowmanlittlefield.com](http://www.rowmanlittlefield.com)      *A Clubbable Man* Anthony W. Lee, 2022-06-17 Samuel Johnson famously referred to his future biographer, the unsociable magistrate Sir John Hawkins, as a most unclubbable man. Conversely, this celebratory volume gathers distinguished eighteenth-century studies scholars to honor the achievements, professional generosity, and sociability of Greg Clingham, taking as its theme textual and social group.

formations Here Philip Smallwood examines the mirrored minds of Johnson and Shakespeare while David Hopkins parses intersections of the general and particular in three key eighteenth century figures Aaron Hanlon draws parallels between instances of physical rambling and rhetorical strategies in Johnson's Rambler while Cedric D Reverand dissects the intertextual strands uniting Dryden and Pope Contributors take up other topics significant to the field including post feminism travel and seismology Whether discussing cultural exchange or textual reciprocities each piece extends the theme building on the trope of relationship to organize and express its findings Rounding out this collection are tributes from Clingham's former students and colleagues including original poetry

**The Scottish Enlightenment and Literary Culture** Ronnie Young, Ralph McLean, Kenneth Simpson, 2016-11-17 This collection of essays explores the role played by imaginative writing in the Scottish Enlightenment and its interaction with the values and activities of that movement Across a broad range of areas via specially commissioned essays by experts in each field the volume examines the reciprocal traffic between the groundbreaking intellectual project of eighteenth century Scotland and the imaginative literature of the period demonstrating that the innovations made by the Scottish literati laid the foundations for developments in imaginative writing in Scotland and further afield In doing so it provide a context for the widespread revaluation of the literary culture of the Scottish Enlightenment and the part that culture played in the project of Enlightenment

*Defending Privilege* Nicole Mansfield Wright, 2020-03-10 A critique of attempts by conservative eighteenth and nineteenth century authors to appropriate the rhetoric of victimhood and appeals to rights to safeguard the status of the powerful As revolution and popular unrest roiled the final decades of the eighteenth century authors activists and philosophers across the British Empire hailed the rise of the liberal subject valorizing the humanity of the marginalized and the rights of members of groups long considered inferior or subhuman Yet at the same time a group of conservative authors mounted a reactionary attempt to cultivate sympathy for the privileged In *Defending Privilege* Nicole Mansfield Wright examines works by Tobias Smollett Charlotte Smith Walter Scott and others to show how conservatives used the rhetoric of victimhood in attempts to convince ordinary readers to regard a privileged person's loss of legal agency as a catastrophe greater than the calamities and legally sanctioned exclusion suffered by the poor and the enslaved In promoting their agenda these authors resuscitated literary modes regarded at the time as derivative or pass including romance the gothic and epistolarity or invented subgenres that are neglected today due to widespread revilement of their politics the proslavery novel Although these authors are not typically considered alongside one another in scholarship they are united by their firsthand experience of legal conflict each felt that their privilege was degraded through lengthy disputes In examining the work of these eighteenth and early nineteenth century authors Wright traces a broader reactionary framework in the Anglophone literary legacy Each novel seeks to reshape and manipulate public perceptions of who merits legal agency the right to initiate a lawsuit serve as a witness seek counsel from a lawyer and take other legal actions As a result *Defending Privilege* offers a counterhistory to

scholarship on the novel's capacity to motivate the promulgation of human rights and champion social ascendance through the upwardly mobile realist character

**The Art of Travel** Philip Dodd, 2013-08-21 First published in 1982 The Art of Travel is the first collection of critical essays to be devoted to British travel writing It attempts to give a sense of the wealth of such writing to map some of its forms and conventions and implicitly to claim a place for travel writing in any revised definition of literature For this collection travel includes sea voyages European tours commissioned enquiries into social conditions and urban writing travel writing ranges from works such as *Sea and Sardinia* by D H Lawrence whose status as a novelist guarantees his travel books some attention through the essays and books of Victorian middle class travellers into working class London to the work of V S Naipaul a contemporary writer who has increasingly preferred the travel book to the novel

**English Literature in History** John Barrell, 2025-08-01 In eighteenth century Britain the study of history was understood first and foremost as the study of how states developed and lost their political coherence But at the same time writers preoccupied by contemporary social change were coming to believe that economic progress was largely dependent on an ever increasing variety of trades and occupations Could this highly differentiated society still be understood as unified and if so by whom Dr Barrell argues that these questions were of central importance not only to historians and social philosophers but also to poets novelists essayists and even writers of grammar and dictionaries First published in 1983 English Literature in History examines how in response to these questions an economic theory of society was developed out of an earlier political view of society as an area of conflicting interests which could be regulated by disinterested statesmen and gentlemen It shows how this new economic theory was perceived as a threat to the function and status of the gentleman whose character had to be redefined if his authority was to be legitimated Some of the ways in which this was achieved are

traced in detailed analysis of the poetry of James Thomson and John Dyer and in the novels of Tobias Smollett A central chapter focusing on Johnson s Dictionary demonstrates how notions of correct English were used to confirm the status of the gentleman and to reinforce the authority of the ruling class      *Studying English Literature in Context* Paul Poplawski,2022-10-13 From early medieval times to the present this diverse collection of thirty one essays sets literary texts in their historical contexts      **English Travel Narratives in the Eighteenth Century** Jean Viviès,2017-03-02 The eighteenth century commonly described as the age of the novel is also the golden age of travel narratives In this English edition of *Le R cit de voyage en Angleterre au XVIIIe si cle* the genre of the travel narrative receives a treatment based on its development in close relationship with fiction The book provides a survey of famous travel narratives James Boswell s journal of a tour to Corsica and account of his trip to Scotland with Samuel Johnson Laurence Sterne s enigmatic *Sentimental Journey* Tobias Smollett s *Travels through France and Italy* Negotiating between inventory and invention these texts invite a reconsideration of conventional generic distinctions They open up a literary space in which the full significance of the real and fictional journey motif can be explored      **The Encyclopaedia Britannica, Or, Dictionary of Arts, Sciences, and General Literature** ,1842      **The Encyclopaedia Britannica** ,1842
