Defence Policy-Making Arthur Tange, 2008-07-01 Sir Arthur Tange was perhaps the most powerful Secretary of the Australian Defence Department and one

of the most powerful of the great mandarins who dominated the Commonwealth Public Service between the 1940s and the 1970s His strong and often decisive influence on both administration and policy was exerted by virtue of his intellectual capacity his administrative ability and the sheer force of his personality Controversies from his time in Defence including those associated with the Tange report and the Tange reforms echo to this day and it is still easy to identify both staunch admirers and vitriolic critics in defence and public service circles Tange wrote this account in his last years It is a memoir based largely on memory supplemented by limited reference to documentary material that focuses upon his career after he came to Defence in 1970 It records his own account of his part in those administrative reforms and policy shifts as well as his involvement or non involvement or alleged involvement in several of the political crises of the 1970s including the downfall of John Gorton as Prime Minister and the dismissal of the Whitlam Government **A General Biographical Dictionary** John Gorton,1833

Australia and the Vietnam War Peter (Fullarton) Edwards, 2014-03-01 The Vietnam War was Australia's longest and most controversial military commitment of the twentieth century ending in humiliation for the United States and its allies with the downfall of South Vietnam The war provoked deep divisions in Australian society and politics particularly

since for the first time young men were conscripted for overseas service in a highly contentious ballot system The Vietnam era is still identified with diplomatic military and political failure Was Vietnam a case of Australia fighting other people's wars Were we really all the way with the United States How valid was the domino theory Did the Australian forces develop new tactical methods in earlier Southeast Asian conflicts and just how successful were they against the unyielding enemy in Vietnam In this landmark book award winning historian Peter Edwards skilfully unravels the complexities of the global Cold War decolonisation in Southeast Asia and Australian domestic politics to provide new often surprising answers to these questions

Pivot of Power Paul Strangio, Paul 't Hart, James Walter, 2017-08-28 The prime ministership remains the main prize in Australian politics but it is a precarious one Leadership turnover in recent years has seen more prime ministers rise and fall than at any time since the decade after federation What explains this volatility The Pivot of Power is the second volume in a unique blend of collective biography and institutional history that shows the skills limitations and passions of incumbents are only part of the story The ways in which prime ministers thrive and fail are influenced by the resources at their command the evolving nature of the parties they lead the daunting public expectations they face under a relentless media gaze and the challenges that history throws at them Recent changes in these areas have had a destabilising effect and made the role of prime minister more onerous than ever After decades of strong national leadership the office has rarely seemed quite so confounding as it does for its contemporary holders The Pivot of Power explains how this has come about And its rich account of prime ministerial fortune since the mid twentieth century
