Six Group Therapies:

Six Group Therapies S. Long, 2013-06-29 **Comprehensive Handbook of Psychotherapy Integration** George Stricker, Jerold R. Gold, 2013-06-29 This Handbook is the culmination of an interest in psychotherapy integration that led to our first professional collaboration in 1978 At that time we undertook in research conducted for a doctoral dissertation by the second editor and supervised by the senior editor to understand from and within a psychodynamic perspective the experiences of patients who had completed behavioral therapies At that time psychotherapy integration was a topic considered viable and interesting by only a few clinicians and scholars with little communication among them and less awareness concern and appreciation on the part of psychotherapists in general The situation today has changed The appearance of this Handbook may be taken as a significant sign of maturation and legitimacy of work in psychotherapy integration It is our hope and expectation that this volume will serve as an up to date and exhaustive overview of the status of ongoing scholarly and clinical work in the integration of the major schools of psychotherapy The Handbook opens with a section that will provide the reader with an overview of the history sociocultural context and empirical status of the broad field of psycho therapy integration Cognitive-Behavioural Therapy for ADHD in Adolescents and Adults Susan Young, Jessica Bramham, 2012-04-10 The first edition of this book introduced the Young Bramham Programme a pioneering approach to cognitive behavioural treatment for ADHD in adults which was well received by clinical and academic communities alike Based on the latest findings in the field the authors have expanded the second edition to incorporate treatment strategies not only for adults but also for adolescents with ADHD Updates the proven Young Bramham Programme to be used not only with adults but also with adolescents who are making the difficult transition from child to adult services New edition of an influential guide to treating ADHD beyond childhood which encompasses the recent growth in scientific knowledge of ADHD along with published treatment guidelines Chapter format provides a general introduction a description of functional deficits assessment methods CBT solutions to the problem and a template for group delivery *Highlights of the Annual Conference* ,1965 *Short-Term Psychotherapy and Brief Treatment Techniques* Harvey P. takes readers into the highly ritualized world of mainstream American addiction treatment It is a world where clinical practitioners evaluate how drug users speak about themselves and their problems and where the ideal of healthy talk is explicitly promoted carefully monitored and identified as the primary sign of therapeutic progress The book explores the puzzling question why do addiction counselors dedicate themselves to reconciling drug users relationship to language in order to reconfigure their relationship to drugs To answer this question anthropologist Summerson Carr traces the charged interactions between counselors clients and case managers at Fresh Beginnings an addiction treatment program for

homeless women in the midwestern United States She shows that shelter food and even the custody of children hang in the balance of everyday therapeutic exchanges such as clinical assessments individual therapy sessions and self help meetings Acutely aware of the high stakes of self representation experienced clients analyze and learn to effectively perform prescribed ways of speaking a mimetic practice they call flipping the script As a clinical ethnography *Scripting Addiction* examines how decades of clinical theorizing about addiction language self knowledge and sobriety is manifested in interactions between counselors and clients As an ethnography of the contemporary United States the book demonstrates the complex cultural roots of the powerful clinical ideas that shape therapeutic transactions and by extension administrative routines and institutional dynamics at sites such as Fresh Beginnings
