Skydark Spawn:

SKYDARK SPAWN James Axler, 2014-01-15 **BLIND FORTITUDE** Survival in America's nuke blasted frontier is both a curse and a salvation for Ryan Cawdor and his warrior companions. Though the basic needs of existence must be fought for and won with blood, each day alive means another chance to seek refuge and a better way of life in a hostile and brutal world where hope still fires the human heart. **FOUL IMPETUS** In the relatively untouched area of what was once Niagara Falls, Ryan and his fellow wayfarers find the pastoral farmland under the despotic control of a twisted baron and his slave breeding farm. Ryan, Mildred, and Krysty are captured by the baron's men and pawned into the cruel frenzy of their leader's grotesque desires. JB Jak and Doc enlist the aid of outlanders to organize a counter strike, but rescue may come too late for them all. In the Deathlands, you are sentenced to your destiny from the moment of birth. **Plague Lords** James Axler, 2008-12-01 After a century of chaos following the nukes, the Deathlands are forming pockets of civilization aided by predark stockpiles of weapons, fuel, and pieces of 21st century knowledge. But these troves are hard to come by, and survival remains a blood quest. For Ryan Cawdor and his warrior survivalists, luck is sparse, chances slimmer, yet hope drives them onward. The sulphur teeming Gulf of Mexico is the poisoned end of the earth, but loaded cargo ships, ruined by skydark, lure doomies and cutthroats alike. Here, Ryan and the others glean rumors of whole cities deep in South America that survived the blast intact. But as the companions contemplate a course of action that may divide them, a new horror approaches unseen on the horizon. The Lords of Death are Mexican pirates raiding stockpiles with a grim vengeance. When civilization hits rock bottom, a new stone age will emerge with its own personal day of blood reckoning. In the Deathlands, the future could always be worse. Now it is. **Tainted Cascade** James Axler, 2011-05-01 The blighted aftermath of a global nuclear showdown, the Deathlands exact a blood price. The living pay it; the dead don't care. For one legendary band of warriors, this barbaric new world holds a chance for redemption: the secrets of the past. They roam a disfigured America searching for pre-dark tech, seeking the path to a future worth living. Utah's Great Salt Lake Desert remains a death pit of scorching heat, cannies, and grim odds. Ryan Cawdor and his group survive the trek there only to be drugged, robbed, and left for the slave trade. Escaping their captors leaves them alive but stripped of their prized gear, their weapons, J.B. Dix's glasses, Dr. Mildred Wyeth's medical kit, and worse: her secret codex. The companions must rely on each other to challenge their enemy and settle the score. **Eden's Twilight** James Axler, 2009-06-01 Rumors of an untouched predark ville in the mountains of West Virginia lure traders in search of unimaginable wealth. They're coming from all directions: the good, the bad, the worst. Ryan and his warrior group join in, although it means an uneasy truce with an old enemy going back to days of spilled blood and the legacy of the Trader. But as their journey to a place called Cascade reveals more of the Deathlands' darkest secrets, it remains to be seen if this place will become their salvation or their final resting place. **Prodigal's Return** James Axler, 2011-09-06 The landmark 100th episode of the popular series. Searching for an operational redoubt, Ryan and his companions go up against a ruthless band of

coldhearts Seeing his long lost son is a shock especially when Dean shoots and wounds his father in a firefight Original

Palaces of Light James Axler,2012-05-01 Remnants of America's past are littered across the postapocalyptic landscape but little remains of the predark ideals of law and order Survival is a blood quest and lethal force the means to power Still a handful retains their humanity among the coldhearts and in a world where nothing lasts forever hope is a commodity as precious as jack Steeped in beauty and mysticism the canyons of Mesa Verde Colorado survived the blast that altered the American West Hired to track a group of missing children Ryan Cawdor and his band follow the trail to a legendary city carved in stone older and stronger than the nukocaust The inhabitants of the palaces of light are more than warriors and survivors they are masters of mind games that prey on illusion And true believers in a metaphysical endgame poised to push the companions over the edge of reality into certain death Downrigger Drift James Axler,2011-01-01 The nuclear

cataclysm that maimed America altered the rules of existence The new reality guarantees a grim battle for survival but the higher human instinct to exist in peace and good will lives on Legends endure and Ryan Cawdor is a warrior of his time When the good fight needs to be won Ryan and his band take a stand In the nuke altered region of the Great Lakes Ryan and his group face the spectrum from the idyllic to the horrific of a world reborn Close to enclaves of peace and sanctuary

Deathlands most distorted spawn of humanity cannibals spread terror Against the battered shoreline of Lake Michigan an encounter with an old friend leads to a battle to save Milwaukee from a force of deadly mutant interlopers and to liberate one of their own **Perception Fault** James Axler,2011-07-01 The ravaged landscape that was America two centuries ago is

now blighted by post nuclear holocaust savagery Still there remain pockets of preDark technology that may offer undiscovered paths to reclaiming the future Ryan Cawdor and his companions have faced most kinds of horror that Deathlands can deliver and survived This merciless place can break even the strongest but it has yet to destroy hope Denver offers a glimpse of that very hope a power plant electricity food and freedom But the city is caught in a civil war between two would be leaders and their civilian armies Challenged by both sides to do their bidding Ryan discovers a third player in the quest to control the mile high city a secret enclave of White Coats with the strength and technology to pursue a twisted agenda of their own Lost Gates James Axler,2011-11 Baron Crabbe is dangerously high on legends of the Trader and

rumors of a secret cache His ace in the hole is Ryan Cawdor and his band his prisoners Ryan knows the truth and it won't help Crabbe But the only option is to play along with the crazed baron's scheme Original **Hell Road Warriors** James

Axler,2012-03-01 The human will to survive has sharpened to a knife edge after a century of postnuclear madness In a lawless land where firepower and savagery rule power lies with the barons and coldhearts who wield control through terror Against all odds a courageous few still fight for something better to live by honor decency and hope Emerging relatively unscathed from the apocalyptic rebirth of North America Canada hides a trove of Cold War era secret government installations known as Diefenbunkers filled with caches of weapons wags and food Ryan Cawdor and his companions agree to

ride sec for a convoy headed west across the remnants of the old Trans Canada Highway to retrieve the ultimate prize four portable nuclear reactors It s enough power to light up a ville for years a bright beacon for a new tomorrow But they have death on their tail a baron and his sec men who will stop at nothing to claim the prize as their own
