Joseph Blotner

Slackwire A Novel:

Slackwire Dennis Schofield,1995 **Catalogue of Printed Books** British Museum. Department of Printed Books,1916
Westerly ,1995 *The Power Of Point Of View* Alicia Rasley,2008-02-26 Every Character Has a Voice Point of view isn't just an element of storytelling when chosen carefully and employed consistently in a work of fiction it is the foundation of a captivating story It's the character voice you can hear as clearly as your own It's the unique worldview that intrigues readers persuading them to empathize with your characters and invest in their tale It's the masterful concealing and revealing of detail that keeps pages turning and plots fresh It's the hidden agenda that makes narrators complicated and compelling It's also something most writers struggle to understand In *The Power of Point of View* RITA Award winning author Alicia Rasley first teaches you the fundamentals of point of view POV who is speaking why and what options work best within the conventions of your chosen genre Then she takes you deeper to explain how POV functions as a crucial piece of your story something that ultimately shapes and drives character plot and every other component of your fiction Through comprehensive instruction and engaging exercises you'll learn how to choose a point of view that enhances your characters and plots and encourages reader involvement navigate the levels of a character's point of view from objective viewing to action to emotion craft unusual perspectives including children animal narrators and villains A story changes depending on who's telling it and *The Power of Point of View* will help you determine which of your characters can make your story come to life **A Subject Index to Current Literature** Australian Public Affairs Information Service, **Encyclopedia of Extreme Sports** Kelly Boyer Sagert,2008-12-30 Students and extreme sport enthusiasts will not only learn about the sports themselves but also about the techniques innovations engineering and physics behind them How do ice yachts achieve speeds of up to 150 MPH What does it take to become a pro snowboarder Other parts of the encyclopedia highlight key areas of study such as extreme sports and the media the controversies surrounding and the impact of extreme sports on our culture A resource guide of print and electronic sources competitions organizations offers students an insider's guide to all things extreme Inside readers will discover BASE Building Antenna tower Span Earth Jumping What's more dangerous than leaping off of a tall building Jumping off a structure that's much closer to the ground and that's exactly what many BASE jumpers regularly do The risks include malfunctioning parachutes landing on rocks into electrical wires and more Readers will learn about Bhang Gliding where experienced pilots perform full barrel rolls inverted maneuvers and other stunt flying moves It is no longer unusual for an experienced hang glider to travel 200 miles or reach altitudes above 10 000 feet Coverage also includes information on caving which involves exploring caves that travel deep into the earth mountain biking and many other sports [Australian Book Review](#) ,1995 **Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1916 **British Books** ,1916 **The Modern American Political Novel** Joseph Blotner,2014-06-30 Politics the workings of government and of people in government has long been a fertile field for exploration by the novelist The

political arena offers many examples of conflict between individuals groups or the individual and the group or within the individual It is natural then that a sizable body of fiction has grown up using politics as a main source of action In this study Joseph Blotner attempts to discover the image of American politics as presented in American novels over a sixty year span His major discussion is limited to 138 novels dealing directly with candidates officeholders party officials or individuals performing political acts as they are conventionally understood He also refers to nineteenth century predecessors European analogues or other twentieth century American novels as they bear on his discussions Blotner gives a thorough examination of certain archetypal figures the young hero the political boss and the Southern demagogue which appear in central or subordinate positions in the action of many political novels He finds that the novels reflect certain major movements or upheavals in the political history of the United States or the world in particular fascism and McCarthyism and that they also give the political aspects of universal attitudes or problems corruption disillusionment reaction and the role of women and of the intellectual The author presents a detailed analysis of each of these subjects prefacing each analysis by a survey of the historical background out of which the fiction grew and including a brief and often pungent assessment of the literary merits of each novel discussed He also surveys a large body of political fiction which cuts across all of these categories the novel of the future both utopian and apocalyptic The Modern American Political Novel will be of great interest to the student of twentieth century literature the political scientist the sociologist and even the practicing politician will also find its analyses useful and illuminating
