DuBois Professor of the Humanities Harvard University,1987-07-16 The originality brilliance and scope of the work is remarkable Gates will instruct delight and stimulate a broad range of readers both those who are already well versed in Afro American literature and those who after reading this book will eagerly begin to be Barbara E Johnson Harvard University A critical enterprise of the first importance Gates promises to lead and to show the way in boldness of conception in vigor of execution and in vitality and pertinence of expression James Olney Louisiana State University Recently awarded Honorable Mention from the John Hope Franklin Publication Prize Committee of the American Studies Association *Figures in Black* takes a provocative new look at how we analyze and define black literature Henry Louis Gates Jr attacks the notion that the dominant mode of Afro American literature is or should be a kind of social realism evaluated primarily as a reflection of the Black Experience Instead Gates insists that critics turn to the language of the text and bring to their work the close methodical analysis of language made possible by modern literary theory But his goal in this volume is not merely to apply contemporary theory to black texts Indeed as he ranges from 18th century poet Phillis Wheatley to modern writers Ishmael Reed and Alice Walker he attempts to redefine literary criticism itself moving it away from a Eurocentric notion of a hierarchical canon mostly white Western and male to foster a truly comparative and pluralistic notion of literature In doing so he provides critics with a powerful tool for the analysis of black art and more important reveals for all readers the brilliance and depth of the Afro American tradition
