Slavery And Servitude In Colonial North America A Short History

Kenneth Morgan

Slavery And Servitude In Colonial North America A Short History:

Slavery and Servitude in Colonial North America Kenneth Morgan, 2001-08 Kenneth Morgan shows how the institutions of indentured servitude and black slavery interacted in the seventeenth and eighteenth centuries. He covers all aspects of the two labor systems including their impact on the economy, on racial attitudes, social structures, and on regional variations within the colonies. Throughout, overriding themes emerge: the labor market in North America for indentured servants, the significance of racial distinctions, supply and demand factors in transatlantic migration, and labor and resistance to bondage.

Slavery and Servitude in Colonial North America Kenneth Morgan, 2001-08 Kenneth Morgan shows how the institutions of indentured servitude and black slavery interacted in the seventeenth and eighteenth centuries. He covers all aspects of the two labor systems including their impact on the economy, on racial attitudes, social structures, and on regional variations within the colonies. Throughout, overriding themes emerge: the labor market in North America for indentured servants, the significance of racial distinctions, supply and demand factors in transatlantic migration, and labor and resistance to bondage.

A Short History of Transatlantic Slavery Kenneth Morgan, 2016-04-25 From 1501 when the first slaves arrived in Hispaniola until the nineteenth century, some twelve million people were abducted from west Africa and shipped across thousands of miles of ocean, the infamous Middle Passage, to work in the colonies of the New World. Perhaps two million Africans died at sea. Why was slavery so widely condoned during most of this period by leading lawyers, religious leaders, politicians, and philosophers? How was it that the educated classes of the western world were prepared for so long to accept and promote an institution that would later ages be condemned as barbaric? Exploring these and other questions and the slave experience on the sugar, rice, coffee, and cotton plantations, Kenneth Morgan discusses the rise of a distinctively Creole culture, slave revolts including the successful revolution in Haiti (1791-1804), and the rise of abolitionism when the ideas of Montesquieu, Wilberforce, Quakers, and others led to the slave trade's systemic demise. At a time when the menace of human trafficking is of increasing concern worldwide, this timely book reflects on the deeper motivations of slavery as both ideology and merchant institution.

Slavery and the Enlightenment in the British Atlantic, 1750-1807 Justin Roberts, 2013-07-08 This book examines the daily details of slave work routines and plantation agriculture in the eighteenth century British Atlantic, focusing on case studies of large plantations in Barbados, Jamaica, and Virginia. Work was the most important factor in the slaves' experience of the institution. Slaves' day-to-day work routines were shaped by plantation management strategies that drew on broader pan-Atlantic intellectual and cultural principles. Although scholars often associate the late eighteenth-century Enlightenment with the rise of notions of liberty and human rights and the dismantling of slavery, this book explores the dark side of the Enlightenment for plantation slaves. Many planters increased their slaves' workloads and employed supervisory technologies to increase labor discipline in ways that were consistent with the process of industrialization in Europe. British planters offered alternative visions of progress by embracing restrictions on freedom.

and seeing increasing labor discipline as central to the project of moral and economic improvement

Encyclopedia of African American History, 1619-1895 Paul Finkelman, 2006-04-06 It is impossible to understand America without understanding the history of African Americans In nearly seven hundred entries the Encyclopedia of African American History 1619 1895 documents the full range of the African American experience during that period from the arrival of the first slave ship to the death of Frederick Douglass and shows how all aspects of American culture history and national identity have been profoundly influenced by the experience of African Americans The Encyclopedia covers an extraordinary range of subjects Major topics such as Abolitionism Black Nationalism the Civil War the Dred Scott case Reconstruction Slave Rebellions and Insurrections the Underground Railroad and Voting Rights are given the in depth treatment one would expect But the encyclopedia also contains hundreds of fascinating entries on less obvious subjects such as the African Grove Theatre Black Seafarers Buffalo Soldiers the Catholic Church and African Americans Cemeteries and Burials Gender Midwifery New York African Free Schools Oratory and Verbal Arts Religion and Slavery the Secret Six and much more In addition the Encyclopedia offers brief biographies of important African Americans as well as white Americans who have played a significant role in African American history from Crispus Attucks John Brown and Henry Ward Beecher to Olaudah Equiano Frederick Douglass Sarah Grimke Sojourner Truth Nat Turner Phillis Wheatley and many others All of the Encyclopedia s alphabetically arranged entries are accessibly written and free of jargon and technical terms To facilitate ease of use many composite entries gather similar topics under one headword The entry for Slave Narratives for example includes three subentries The Slave Narrative in America from the Colonial Period to the Civil War Interpreting Slave Narratives and African and British Slave Narratives A headnote detailing the various subentries introduces each composite entry Selective bibliographies and cross references appear at the end of each article to direct readers to related articles within the Encyclopedia and to primary sources and scholarly works beyond it A topical outline chronology of major events nearly 300 black and white illustrations and comprehensive index further enhance the work s usefulness

[The Princeton Companion to Atlantic History](#) Joseph C. Miller, Vincent Brown, Jorge Cañizares-Esguerra, Laurent Dubois, Karen Ordahl Kupperman, 2015-01-18 The first encyclopedic reference to Atlantic history Between the fifteenth and nineteenth centuries the connections among Africa the Americas and Europe transformed world history through maritime exploration commercial engagements human migrations and settlements political realignments and upheavals cultural exchanges and more This book the first encyclopedic reference work on Atlantic history takes an integrated multicontinental approach that emphasizes the dynamics of change and the perspectives and motivations of the peoples who made it happen The entries all specially commissioned for this volume from an international team of leading scholars synthesize the latest scholarship on central themes including economics migration politics war technologies and science the physical environment and culture Part one features five major essays that trace the changes distinctive to each chronological phase of Atlantic history Part two includes

The Encyclopedia of North American Colonial Conflicts to 1775: A-K, 2008 Covers all major wars and conflicts in North America from the late 15th to mid 18th centuries with discussions of key battles diplomatic efforts military technologies and strategies and tactics Explores the context for conflict with essays on competing colonial powers every major Native American tribe all important political and military leaders and a range of social and cultural issues Publisher's Web site **The World of Colonial America** Ignacio Gallup-Diaz, 2017-04-28 The World of Colonial America An Atlantic Handbook offers a comprehensive and in depth survey of cutting edge research into the communities cultures and colonies that comprised colonial America with a focus on the processes through which communities were created destroyed and

recreated that were at the heart of the Atlantic experience With contributions written by leading scholars from a variety of viewpoints the book explores key topics such as The Spanish French and Dutch Atlantic empires The role of the indigenous people as imperial allies trade partners and opponents of expansion Puritanism Protestantism Catholicism and the role of religion in colonization The importance of slavery in the development of the colonial economies The evolution of core areas and their relationship to frontier zones The emergence of the English imperial state as a hegemonic world power after 1688 Regional developments in colonial North America Bringing together leading scholars in the field to explain the latest research on Colonial America and its place in the Atlantic World this is an important reference for all advanced students researchers and professionals working in the field of early American history or the age of empires

From Slavery to Segregation Keith M. Finley, 2024-10-03 Keith M Finley's *From Slavery to Segregation* explores the key features shaping southern politics during the nineteenth and twentieth centuries as explained in the South's defense of its racial systems It treats slavery and segregation as part of the same whole rather than as discrete institutions rooted in different periods In the process the book uncovers the deep historical origins of the region's states rights philosophy and the unfortunate persistence of a culture dominated by calls for white supremacy While highlighting the broad overview of southern racial and political thought Finley underscores the larger American struggle with racial injustice which although most pronounced in the South afflicted the entire nation The South's defense of chattel slavery became a natural model for the region's defense of segregation during the Jim Crow era Through a comparative analysis of the rhetoric employed in the justification of both racial institutions Finley reveals elements of continuity and change in the region's identity Ultimately he shows how the history of the twentieth century South is irreparably linked to the century before it For instance one cannot understand the ferocity of resistance to the Supreme Court's 1954 *Brown v Board* decision without being aware of how and why the South emerged as it did after the Civil War The Old South and the New South shared a similar constellation of ideas that informed arguments advancing their respective race based social orders which took the form of a commonality of perception regarding race a sense of being assailed by outsiders and a series of appeals to the highest secular authority in the pantheon of regional and American beliefs the Constitution Discontinuity however marked the long term strategies of both the prewar and postwar South Although segregationists sought to preserve the racial status quo as did their forebears they ultimately relented when confronted with federal power and grudgingly shifted toward a narrative that less often foregrounded race when championing states rights

Enjoying the Track of Phrase: An Psychological Symphony within **Slavery And Servitude In Colonial North America A Short History**

In a world eaten by monitors and the ceaseless chatter of immediate interaction, the melodic beauty and psychological symphony produced by the prepared word often disappear into the background, eclipsed by the constant sound and disruptions that permeate our lives. Nevertheless, situated within the pages of **Slavery And Servitude In Colonial North America A Short History** a marvelous literary value brimming with natural emotions, lies an immersive symphony waiting to be embraced. Constructed by an outstanding composer of language, this fascinating masterpiece conducts readers on a mental journey, skillfully unraveling the concealed tunes and profound affect resonating within each cautiously constructed phrase. Within the depths with this touching examination, we shall explore the book is main harmonies, analyze its enthralling publishing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
