Slavery And Abortion History Repeats:

Slavery and Abortion John Charles Willke,1984 *Slavery and Abortion* Jack C. Willke,1984 **Politics of Abortion and Birth Control in Historical Perspective** Donald T. Critchlow,2010-11-01 While there is extensive literature on the social history politics and legal aspects of birth control and abortion in the United States the history of family planning as a policy remains to be fully recorded This volume is intended to contribute to this history by examining birth control and abortion within a larger cultural policy and comparative framework The essays contained in this volume represent a variety of perspectives and scholarly interests In many instances the authors differ with each other as well as with the editor on fundamental points of historical interpretation They all however share a commitment to study the politics of population within a scholarly framework that emphasizes the importance of policy history for understanding past and contemporary problems

Civil Disobedience Lewis Perry,2013-10-28 The distinctive American tradition of civil disobedience stretches back to pre Revolutionary War days and has served the purposes of determined protesters ever since This stimulating book examines the causes that have inspired civil disobedience the justifications used to defend it disagreements among its practitioners and the controversies it has aroused at every turn Tracing the origins of the notion of civil disobedience to eighteenth century evangelicalism and republicanism Lewis Perry discusses how the tradition took shape in the actions of black and white abolitionists and antiwar protesters in the decades leading to the Civil War then found new expression in post Civil War campaigns for women s equality temperance and labor reform Gaining new strength and clarity from explorations of Thoreau s essays and Gandhi s teachings the tradition persisted through World War II grew stronger during the decades of civil rights protest and antiwar struggles and has been adopted more recently by anti abortion groups advocates of same sex marriage opponents of nuclear power and many others Perry clarifies some of the central implications of civil disobedience that have become blurred in recent times nonviolence respect for law commitment to democratic processes and throughout the book highlights the dilemmas faced by those who choose to violate laws in the name of a higher morality

Pro-Life Pulpit Stephen Tu,2011-05-23 Over one million unborn children are intentionally aborted every year in North America Voiceless and helpless their blood cries out Will those of us who serve as pastors and preachers respond from our pulpits Silence is not an option We cannot keep quiet while thousands of our neighbors made in the image of God are being led to the slaughter every day But neither should we condemn and vilify those who are complicit in their deaths A truly pro life pulpit ministry opposes the injustice of abortion with truth courage and understanding Tears mingled with hope overflowing with grace After all the Christian faith is rooted in the good news of a Messiah who was once an embryo Nine months before he was born Jesus was conceived by the Holy Spirit and for the next forty weeks he lived and grew in the womb of an unwed teenaged mother He is at the heart of our preaching and this book will show you how to confront the sin of abortion by proclaiming the God who became abortable in order to save sinners *African Americans in*

Conservative Movements Louis G. Prisock, 2018-05-23 Providing an expansive view of the making and meaning of African American conservatism this volume examines the phenomenon in four spheres the political realm the academic world the black church and grass roots activism movements In his analysis of their activities in these realms Louis Prisock examines the challenges African American conservatives face as they operate within the context of largely white conservatism At the same time that African American conservatives challenge the white conservative movement's principle of color blindness they are accused of being racial mascots or tokens from those outside of it Prisock unwinds the intricacies of black conservatives relationships to both the wider conservative movement and the everyday life experiences of black Americans showing that they are as vulnerable to the inescapability of race as any other individual in a racialized America *The Ashes That Still Remain* Thomas Koys, 2002 A reflective book comparing two legal systems in the United States One that protected human slavery and another that protects the killing of the unborn

Uncertain Bioethics Stephen Napier, 2019-07-12 Bioethics is a field of inquiry and as such is fundamentally an epistemic discipline Knowing how we make moral judgments can bring into relief why certain arguments on various bioethical issues appear plausible to one side and obviously false to the other *Uncertain Bioethics* makes a significant and distinctive contribution to the bioethics literature by culling the insights from contemporary moral psychology to highlight the epistemic pitfalls and distorting influences on our apprehension of value Stephen Napier also incorporates research from epistemology addressing pragmatic encroachment and the significance of peer disagreement to justify what he refers to as epistemic diffidence when one is considering harming or killing human beings Napier extends these developments to the traditional bioethical notion of dignity and argues that beliefs subject to epistemic diffidence should not be acted upon He proceeds to apply this framework to traditional and developing issues in bioethics including abortion stem cell research euthanasia decision making for patients in a minimally conscious state and risky research on competent human subjects **The New Civil Rights Movement** Tony Foster, 2019-12-16 My purpose for writing this book is to educate people about the history and the dangers of abortion To also awaken the church to its responsibility to defend the helpless which are our per born babies in the womb The church can no longer be a voiceless church which does not stand up and advocate for our babies in the womb Abortion has never been a political issue it is a life issue My ultimate objective is to expose the deceit and the lies of Planned Parenthood founder Margaret Sanger Margaret Sanger plotted and planned a genocide of a particular group black people in the United States Even though abortion has hurt every ethnic group in the United States and abroad it has disproportionately murdered more black babies in the womb than any other race of people in the United States And lastly this book is about hope for the future I firmly believe by the grace of God just like slavery came to an end in the United States there can be an end to abortion in the United States of America and the world I believe that abortion is the civil rights issue of our day and what is needed now is a New Civil Rights Movement the abolition and ending of abortion *The Reporter on Human Reproduction and the Law*
