The Impossible Land Phillip H. Round,2008 In this study of the relationship between the natural landscape and human storytelling Phillip Round brings together a century of stories produced in and about California s Imperial Valley a 6 000 square mile desert region along the borders of Mexico and Arizona One of America s driest and most barren areas the Imperial Valley was transformed at the beginning of the twentieth century when irrigation made it an agricultural oasis The story neither begins nor ends there however In Round s investigation of storytelling in this valley he finds a wide range of styles and subjects from tales credited with establishing a desert aesthetic movement in America to stories that mythologized desert reclamation as America s moral imperative from memoirs of dustbowl refugees Japanese Americans and Chicanos to the migration stories of Native peoples Round s analysis of the relationship between the regional and the national the personal and the political the romantic and the real in western American literature provides readers with a new vantage point from which to view such twenty first century challenges in the West as illegal immigration ecological disaster scientific innovation and cultural displacement

Teaching and Learning in the New Latino Diaspora Edmund T. Hamann,Socorro G. Herrera,Enrique G. Murillo,Stanton Wortham,2024-11-22 This volume does more than document an educational dynamic that impacts Latino populations across the United States it also connects educational challenges to concrete plans for how those problems can be resolved Both experienced and new scholars describe strategies and outline policies to support academic success affirm identity and belonging and show how educational institutions can be transformed to better serve Latino constituencies in a post pandemic and post Trump world Examples from elementary education to higher education supply familiar points of entry but also challenge readers to explore scenarios and strategies that they have not previously considered Each chapter begins with empirical documentation of an educational problem involving Latino populations where

their presence is relatively new and goes on to outline how that problem can be resolved The text includes depictions of thoughtful parent teacher partnerships what authentically welcoming college campuses might look like how high school literature classes could include more Latino authors and much more Book Features Includes detailed examples of practice to assist teachers and school leaders in restructuring their classrooms and programs to better serve Latino students Describes settings and scenarios from across the United States that will be familiar to those teaching leading or preparing to do so Focuses on the new diaspora as distinct from states with traditionally large Latino populations Argues that lagging educational outcomes are not inevitable and that inclusion engagement and success are possible and worth striving for Contributors include Vanessa Anthony Stevens Scott Beck Lisa Dorner Amanda Morales Sophia Rodriguez and Jessica Sierk

The Fearful Void Geoffrey Moorhouse, 2012-11-15 It was because I was afraid that I had decided to attempt a crossing of the great Sahara desert from west to east by myself and by camel No one had ever made such a journey before In October 1972 Geoffrey Moorhouse began his odyssey across the Sahara from the Atlantic to the Nile a distance of 3 600 miles His reason for undertaking such an immense feat was to examine the roots of his fear to explore an extremity of human experience From the outset misfortune was never far away and as he moved further into that awful emptiness the physical and mental deprivation grew more intense In March 1973 having walked the last 300 miles Moorhouse ill and exhausted reached Tamanrasset where he decided to end his journey The Fearful Void is the moving record of his struggle with fear and loneliness and ultimately his coming to terms with the spiritual as well as the physical dangers of the desert

An Independent Man Eddie Jordan, 2011-02-24 The hugely entertaining and extremely candid autobiography of one of the most colourful characters in motor sport Here's what readers say about AN INDEPENDENT MAN An entertaining read for any sports fan and a must read for all Formula 1 fans It is the mixture of honesty passion and humility that makes this such a good read Eddie Jordan gave Michael Schumacher his first drive and helped groom a whole series of drivers early in their careers including Damon Hill

and Johnny Herbert But he funded his first move into motor sport by selling smoked salmon well past its sell by date to rugby fans leaving Lansdowne Road when stopped for speeding by a policeman he ended up selling him his car Jordan set up his own team and moved into Formula One at the end of the 1980s It wasn't long before the team began to pick up podium finishes and in 1998 won its first race a remarkable achievement on a comparatively small budget The following year was even better but sadly this was to be the peak as the search for more finance and legal battles with sponsors hit hard Eventually in January 2005 he sold the team AN INDEPENDENT MAN goes behind the scenes to reveal the true personalities of the drivers Jordan worked with and his battles with Bernie Ecclestone It shows how when so much money is involved nothing is ever simple His has been a life lived to the full and his account is packed full of superb stories colourful adventures and revealing tales **Books Out Loud** ,2007 The ALAN Review ,2002 **Freddie, Bill and Irving** Paul Bennett,2015-06-26 Freddie Bill and Irving are three young brothers who treat life as a battlefield and take no hostages Will their banishment into the care of a Scottish aunt put an end to their mischief Annual Report United States. McCoy,2018-10-16 Journalists John McCoy and Ethan Hoffman spent four months inside the walls of the Washington State Penitentiary at Walla Walla in 1978 just as Washington once a leader in prison reform abandoned its focus on reform and rehabilitation and returned to cell time and punishment It was a brutal transition McCoy and Hoffman roamed the maximum security compound almost at will observing and befriending prisoners and guards The result is a striking depiction of a community in which there was little to do much to fear and a culture that both mimicked and scorned the outside world McCoy's unadorned prose and Hoffman's stunning black and white photographs offer as authentic a portrayal of life in the Big House as outsiders are ever likely to experience Originally published in 1981 Concrete Mama revealed a previously unseen stark and complex world of life on the inside for which it won the Washington State Book Award Long unavailable yet still relevant it is revitalized in a second edition with an introduction by scholar Dan Berger that provides historical context for the book's ongoing resonance along with several previously unpublished photographs Stasi 77 David
