Sailor Talk Mary K. Bercaw Edwards,2021-03-01 This book investigates the highly engaging topic of the literary and cultural significance of sailor talk The central argument is that sailor talk offers a way of rethinking the figure of the nineteenth century sailor and sailor writer whose language articulated the rich layered and complex culture of sailors in port and at sea From this argument many other compelling threads emerge including questions relating to the seafarer s multifaceted identity maritime labor questions of performativity the ship as theater the varied and multiple registers of sailor talk and the foundational role of maritime language in the lives and works of Herman Melville Joseph Conrad and Jack London The book also includes nods to James Fenimore Cooper Rudyard Kipling and Robert Louis Stevenson Meticulous scholarly research underpins the close readings of literary texts and the scrupulously detailed biographical accounts of three major sailor writers The author s own lived experience as a seafarer adds a refreshingly materialist dimension to the subtle literary readings The book represents a

valuable addition to a growing scholarly and political interest in the sea and sea literature By taking the sailor's viewpoint and listening to sailors' voices the book also marks a clear intervention in this developing field The End of the Dream and Other Stories John G. Neihardt, 2025-07-21 Originally published at the beginning of the twentieth century the short stories of John G. Neihardt deserve to be better known Their flesh and blood Indians were practically unprecedented in an era when the fiends of dime novels and idealizations of Cooper were still the literary norm Owing much to young Neihardt's intimate association with the Omahas at their reservation in eastern Nebraska the stories were of an Indian cast that perplexed the critics They were often overlooked as the years brought laurels to the author of *A Cycle of the West* and *Black Elk Speaks* A closer look at them reveals that Neihardt was a disciplined artist from the very beginning The nine stories in this volume appeared from 1901 to 1905 in the *Overland Monthly* five were collected in *The Lonesome Trail* in 1907 All of them are informed by Neihardt's experience among Omaha Indians and shaped by the power of his imagination Except for *A Prairie Borgia* which clearly touches on the notorious Chief Blackbird's relations with traders all are set in the time before contact with white men Love and hate kindness and cruelty hope and despair generosity and envy honesty and guile spiritual impulse and sexual desire operate in this wholly Indian world *The End of the Dream* *The Triumph of Seha* and *The Smile of God* are patterned on vision quests issuing in profound irony The social outcast who figured in Neihardt's *Indian Tales and Others* 1927 *a Bison Book* appears again in adventures with a cosmic and sometimes fantastic dimension These stories as well as *When the Snows Drift* *The Beating of the War Drums* *The Fading of Shadow Flower* *The Singing of the Frogs* and *The Spirit of Crow Butte* have an inwardness reflected by vivid imagery Their quality led Dr Susan LaFlesche Picotte the daughter of Joseph LaFlesche Iron Eyes last chief of the Omahas to exclaim that Neihardt was the only writer in a long line extending from Cooper to Frederic Remington who possessed a true understanding of Indian character The stories were compiled by Neihardt's daughter Hilda Neihardt Petri In his introduction Jay Fultz discusses their cultural context and artistic integrity
