Preaching that Shows Margaret Cooling,2022-04-25 For many years the resolution plot has dominated homiletical theory made most famous by the Lowry Loop a staple of preaching theory for today s ministry student Whilst the approach is important some have accused resolution plot of leaving little room for ambiguity and failing to reflect the messy reality of life Offering a ground breaking approach as a counter to well worn preaching strategies this book explores the revelatory plot focused more on the gradual revelation of relevant truths within the biblical text through character and embodied insight and

through imaginative and sensory detail rather than through answering the questions how and why It will prove an invaluable resource for students homiletics and preachers alike **Living Our Story** Larry A. Golemon, 2010-12-31 *Living Our Story* explores how good narrative work the retrieval construction and performance of valued stories takes place in ministry Authors Larry A Golemon Lee Ramsey N Graham Standish Tim Shapiro Carol Johnson Mike Mather Niles Elliot Goldstein and Diana Butler Bass examine this question from a variety of perspectives including the role of the pastor or rabbi as narrative leader the sacred and mundane stories that shape congregational life and identity storytelling as a means of community building and story sharing as a practice of hospitality Through the stories they themselves tell these authors show how stories witness to God's presence in the unfolding of human life and how the best leaders craft stories that reveal how God is at work among the people and inspire them to become a part of this larger story *Sanctifying Art* Deborah Sokolove, 2013-07-10 As an artist Deborah Sokolove has often been surprised and dismayed by the unexamined attitudes and assumptions that the church holds about how artists think and how art functions in human life By investigating these attitudes and tying them to concrete examples Sokolove hopes to demystify art to bring art down to earth where theologians pastors and ordinary Christians can wrestle with its meanings participate in its processes and understand its uses In showing the commonalities and distinctions among the various ways that artists themselves approach their work *Sanctifying Art* can help the church talk about the arts in ways that artists will recognize As a member of both the church and the art world Sokolove is well positioned to bridge the gap between the habits of thought that inform the discourse of the art world and those quite different ideas about art that are taken for granted by many Christians When art is understood as intellectual technical and physical as well as ethereal mysterious and sacred we will see it as an integral part of our life together in Christ fully human and fully divine *Religious Books and Serials in Print, 1980-1981*, 1980 *The Literary Digest International Book Review* Clifford Smyth, 1924 *National Union Catalog, 1980*, 1981 *Fantasy, Art and Life* William Gray, 2011-05-25 In part a sequel to his earlier *Death and Fantasy* William Gray's *Fantasy Art and Life* Essays on George MacDonald Robert Louis Stevenson and Other Fantasy Writers examines the ways in which Life in its various senses is affirmed explored and enhanced through the work of the creative imagination especially in fantasy literature The discussion includes a range of fantasy writers but focuses chiefly on two writers of the Victorian period George MacDonald and Robert Louis Stevenson whose Scottish and particularly Calvinist backgrounds deeply affected their engagement with what MacDonald called The Fantastic Imagination *Novel Preaching* Alyce M. McKenzie, 2010-02-01 In this lively and accessible book Alyce McKenzie explores how fiction writers approach the task of writing novels how they develop their ideas where they find their inspiration and how they turn the spark of a creative notion into words on paper that will captivate the masses McKenzie's study shows how preachers can use the same techniques to enhance their own creativity and to turn their ideas into powerful well crafted sermons *Novel Preaching* offers a wealth of advice from successful fiction writers including

Isabelle Allende Frederick Buechner Julia Cameron Annie Dillard Natalie Goldberg Stephen King Toni Morrison Joyce Carol Oates and Melanie Rae Thorn and also includes a number of sample sermons from McKenzie herself The Jazz of Preaching Kirk Byron Jones,2010-09-01 What if preachers were as contagiously joyful in their preaching as Louis Armstrong was in his playing and singing As rich in their sermonic renderings as Sarah Vaughan was in her musical vocals As honest about heartache as Billie Holiday was every time she sang about the blues of life As alluringly clear as the angelic voice of Ella Fitzgerald As tenaciously uninhibited in the action of creating as Duke Ellington Of course this is too much to ask of people even those called by God However it is not too much to ask this question Can preaching be enhanced through the metaphor of jazz Can an understanding of the inner dynamics of jazz its particular forms rules and styles inform one s practice of preaching as well Can jazz s simultaneous structure and spontaneity help preachers better understand their own art The answer to these questions says Jones is an unqualified yes He explains how one can dramatically improve one s preaching through understanding and applying key elements of the musical art form known as jazz No musical background is necessary all examples are well explained and tied in with preaching The key elements include innovation what one commentator refers to as the experimental disposition of jazz improvisation rhythm call and response honesty about heartaches and delight After discussing the reality and role of each of these elements in jazz and how they can be important for preaching as well each chapter concludes with five exercises for applying the jazz element to preaching preparation and performance Drawing on a deep love of jazz and enlivening the discussion with insights drawn from the realities of African American preaching Jones introduces readers to rich and rewarding possibilities for constructing and delivering the sermon
