*Rethinking the Theatre of the Absurd* Carl Lavery, Clare Finburgh Delijani, 2015-11-05 *Rethinking the Theatre of the Absurd* is an innovative collection of essays written by leading scholars in the fields of theatre performance and eco criticism which reconfigures absurdist theatre through the optics of ecology and environment As well as offering strikingly new interpretations of the work of canonical playwrights such as Beckett Genet Ionesco Adamov Albee Kafka Pinter Shepard and Churchill the book playfully mimics the structure of Martin Esslin's classic text *The Theatre of the Absurd* which is commonly recognised as one of the most important scholarly publications of the 20th century By reading absurdist drama for the first time as an emergent form of ecological theatre *Rethinking the Theatre of the Absurd* interrogates afresh the very meaning of absurdism for 21st century audiences while at the same time making a significant contribution to the development of theatre and performance studies as a whole The collection's interdisciplinary approach accessibility and ecological focus will appeal to students and academics in a number of different fields including theatre performance English French geography and philosophy It will also have a major impact on the new cross disciplinary paradigm of eco criticism

*Towards an Ecocritical Theatre* Mohebat Ahmadi, 2022-04-27 *Towards an Ecocritical Theatre* investigates contemporary theatre through the lens of Anthropocene oriented ecocriticism It assesses how Anthropocene thinking engages different modes of theatrical representation as well as how the theatrical apparatus can rise to the representational challenges of changing interactions between humans and the nonhuman world To explore these problems the book investigates international Anglophone plays and performances by Caryl Churchill Stephen Sewell Andrew Bovell E M Lewis Chantal Bilodeau Jordan Hall and Miwa Matreyek who have taken significant steps towards re orienting theatre from its traditional focus on humans to an ecocritical attention to nonhumans and the environment in the Anthropocene Their theatrical works show how an engagement with the problem of scale disrupts the humanist bias of theatre provoking new modes of theatrical inquiry that envision a scale beyond the human and realign our ecological culture art and intimacy with geological time Moreover the plays and performances studied here through their liveness immediacy physicality and communality examine such scalar shifts via the problem of agency in order to give expression to the stories of nonhuman actants These theatrical works provoke reflections on the flourishing of multispecies responsibilities and sensitivities in aesthetic and ethical terms providing a platform for research in the environmental humanities through imaginative conversations on the world's iterative performativity in which all bodies human and nonhuman are cast horizontally as agential forces on the theatrical world stage This book will be of great interest to students and scholars of theatre studies environmental humanities and ecocritical studies

**The Politics and Poetics of Contemporary English Tragedy** Sean Carney, 2013-02-13 *The Politics and Poetics of Contemporary English Tragedy* is a detailed study of the idea of the tragic in the political plays of David Hare Howard Barker Edward Bond Caryl Churchill Mark Ravenhill Sarah Kane and Jez Butterworth Through an in depth analysis of over sixty of their works Sean Carney argues that their dramatic exploration of tragic experience is an integral part of their ongoing politics This approach allows for a comprehensive rather than selective study of both the politics and poetics of their work Carney's attention to the tragic enables him to find a common discourse among the canonical English playwrights of an older generation and representatives of the nineties generation challenging the idea that there is a sharp generational break between these groups Finally Carney demonstrates that tragic experience is often denied by the social discourse of Englishness and that these playwrights make a crucial critical intervention by dramatizing the tragic
