Brewer, 2015-11-17 The landscape of the Sonoran Desert Region varies dramatically from parched desert lowlands to semiarid tropical forests and frigid subalpine meadows *A Natural History of the Sonoran Desert* takes readers deep into its vast expanse looking closely at the relationships of plants and animals with the land and people through time and across landscapes

American Jaguar Elizabeth Webb, 2021-11-02 In the borderlands between the United States and Mexico America's largest cat the jaguar is fighting to regain its kingdom Added to the endangered species list in 1997 the jaguar has declined in population mainly due to habitat fragmentation created by roads farms mines and most controversially the border wall Such human made barriers prevent free movement of many wild animals for predation and mating thereby threatening their reproduction DNA transfer and overall survival Author and wildlife biologist Elizabeth Webb examines the jaguar's predicament and highlights the work of field scientists who are searching for solutions Conservation Connection features throughout the book underscore the importance of protecting this keystone species of the Americas

Conservation of Dragonflies Michael J. Samways, 2024-06-11 Dragonflies are among the most familiar and popular of all insects deeply embedded in human cultural history They are iconic and tell us much about the environments in which we and they live Their conservation is an important part of biodiversity conservation One modern dragonfly species is listed as extinct with many others currently threatened It is now essential to increase conservation efforts towards saving these threatened species with strategies now available for doing this Recovery of dragonfly populations goes hand in hand with improvements to both freshwater conditions and bank vegetation quality In contrast some other dragonfly species have benefitted greatly from human transformation of the landscape with artificial ponds in particular increasing the population levels of many species In turn climate change is seeing many geographical range shifts Conservation of Dragonflies Sentinels for Freshwater Conservation is for naturalists citizen scientists entomologists and conservation scientists as well as practitioners and policy makers around the world
