Sinascape Gary G. Xu, 2007 Sinascape Contemporary Chinese Cinema is one of the most comprehensive studies of transnational Chinese language films at the turn of the millennium Gary Xu combines a close reading of contemporary movies from China Taiwan and Hong Kong with an intimate look into the transnational Chinese film industry based on his working relationship with filmmakers He coins the word sinascape to reflect on the intersection between Chinese cinema and global cultural production referring to cinematic representations of ethnic Chinese people around the globe Sinascape describes contemporary Chinese cinema as a global network and a group of contact zones where ideologies clash new identities emerge through both border crossings and resistance to globalization and visual innovations and progressive visions become possible General readers film enthusiasts and critics alike will benefit from Xu's discussion of popular film which leads to a broader conversation about China's economic transformations global politics and cultural production Including discussion of films like Hero House of Flying Daggers Kung Fu Hustle Devils on the Doorstep Suzhou River Beijing Bicycle Millennium Mambo Goodbye Dragon Inn and Hollywood Hong Kong the book emphasizes the transnational nature of contemporary Chinese cinema

The Age of Elephants Peter Moss, 2006-06 The filaments that enmeshed them in Durbar Court were the stories they wove Leila who never contributed any herself claimed that without them the resident behemoths would fall permanently asleep It was a soporific summer An extraordinary summer as if the mechanism of the seasons had broken down stranding them in a time locked vault of cloudless blue The garden parasols were giant sundials around which carousels of shadow clocked the intervals from breakfast to supper Only the bearers punctuated the hours padding out to them with trays of lemon cordial and iced tea This second novel by Peter Moss whose first The Singing Tree was described by the New York Times as a little gem draws heavily upon his memories of an Indian childhood to populate a recreated cameo of imperial India set on the south coast of England Here relics of the British Raj living out their sequestered lives immersed in nostalgia for a long lost world lead a casual visitor to confront memories he has desperately endeavoured to erase A graceful elaborate tale of innocents yearning for home Moss has been a firsthand witness to the fading glory of the British diaspora in exotic locales like India Hong Kong and the Philippines Here he draws heavily on a childhood spent in India to recreate the experiences of expatriates repatriated against their will caught between a glorious spiritual home and the draw of Queen and country Moss fosters a charming colonial memory that will speak clearly to anyone who's been away from home a long time A romanticized

in Asia Kevin Hewison, Ken Young, 2006-04-07 Focusing on the issues associated with migrating for work both in and from the Asian region this book sheds light on the debate over migration and trafficking With contributions from an international team of well known scholars the book sets labour migration firmly within the context of globalization providing a focused contemporary discussion of what is undoubtedly a major twenty first century concern Transnational Migration and Work in Asia analyzes workers motivations and rationalities highlighting the similarities of migration experiences throughout Asia Presenting in depth case studies of the real life experiences and problems faced by migrant workers the book discusses migrants relations with the state and their vulnerability to exploitation as well as the major policy issues now facing governments employers NGOs and international agencies **The New Arab Urban** Harvey Molotch, Davide

Ponzini, 2019-02-05 Cities of the Arabian Peninsula reveal contradictions of contemporary urbanization The fast growing cities of the Persian Gulf are whatever else they may be indisputably sensational The world s tallest building is in Dubai the 2022 World Cup in soccer will be played in fantastic Qatar facilities Saudi Arabia is building five new cities from scratch the Louvre the Guggenheim and the Sorbonne as well as many American and European universities all have handsome outposts and campuses in the region Such initiatives bespeak strategies to diversify economies and pursue grand ambitions across the Earth Shining special light on Dubai Abu Dhabi and Doha where the dynamics of extreme urbanization are so strongly evident the authors of The New Arab Urban trace what happens when money is plentiful regulation weak and labor conditions severe Just how do authorities in such settings reconcile goals of oft claimed civic betterment with hyper segregation and radical inequality How do they align cosmopolitan sensibilities with authoritarian rule How do these elite custodians arrange tactical alliances to protect particular forms of social stratification and political control What sense can be made of their massive investment for environmental breakthrough in the midst of world class ecological mayhem To address such questions this book s contributors place the new Arab urban in wider contexts of trade technology and design Drawn from across disciplines and diverse home countries they investigate how these cities import projects plans and structures from the outside but also how increasingly Gulf originated initiatives disseminate to cities far afield Brought together by noted scholars sociologist Harvey Molotch and urban analyst Davide Ponzini this timely volume adds to our understanding of the modern Arab metropolis as well as of cities more generally Gulf cities display development patterns that however unanticipated in the standard paradigms of urban scholarship now impact the world *Cities in the Sky* Jason M. Barr, 2024-05-14 From one of the world s top experts on the economics of skyscrapers a fascinating Daily Mail London and informative Publishers Weekly account of the ever growing quest for super tall buildings across the globe The world s skyscrapers have brought us awe and wonder and yet they remain controversial for their high costs shadows and overt grandiosity But decade by decade they keep getting higher and higher What is driving this global building spree of epic

proportions In *Cities in the Sky* author Jason Barr provides an enjoyable expansive study of a subject he loves Kirkus Reviews explaining why they appeal to cities and nations how they get financed why they succeed economically and how they change a city's skyline and enable the world's greatest metropolises to thrive in the 21st century From the Empire State Building 1 250 feet to the Shanghai Tower 2 073 feet and everywhere in between Barr explains the unique architectural and engineering efforts that led to the creation of each structure Along the way he visits and unpacks some surprising myths about the earliest skyscrapers and the growth of American skylines after World War II which incorporated a new suite of technologies that spread to the rest of the world in the 1990s Barr also explores why London banned skyscrapers at the end of the 19th century but then embraced them in the 21st and explains how Hong Kong created the densest cluster of skyscrapers on the planet Also covered is the dramatic result of China's skyscraper fever and then on to the Arabian Peninsula to see what drove Dubai to build the world's tallest building the Burj Khalifa which at 2 717 feet is higher than the new One World Trade Center in New York by three football fields Filled with fascinating details for urbanists architecture buffs and urban design enthusiasts alike *Cities in the Sky* masterfully weaves together the history myths economics and engineering behind the most iconic structures across the world's skylines to showcase the ambition ingenuity and vision that encourage us to build higher and bolder Grady Hillhouse creator of Practical Engineering

Understanding Tall Buildings Kheir Al-Kodmany, 2017-02-17 In recent years the rapid pace of tall building construction has fostered a certain kind of placelessness with many new tall buildings being built out of scale context and place By analyzing hundreds of tall buildings and by providing hundreds of visuals that inspire stimulate and engage *Understanding Tall Buildings* contends that well designed tall buildings can rejuvenate cities ignite economic activity support social life and boost city pride Although this book does not claim to possess all the solutions it does propose specific tall building design guidelines that may help to promote placemaking Through this work it is the author's hope that ill conceived developments will become less common in the future and that good placemaking will become the norm not the exception This book is a must read for students and practitioners working to create better tall buildings and better urban environments

Commerce and Capitalism in Chinese Societies Gary G. Hamilton, 2006-05-24 This informative book discusses the effects of the rise of Chinese capitalism on both China itself and on its neighbours Incorporating empirical data collated from interviews in several Asian societies and from historical Chinese sources this renowned author analyzes discusses and applies an institutional approach derived from the writings of Max Weber to explore the various aspects of Chinese economic practice Consisting of sixteen articles that come together to provide historical comparative and theoretically informed perspectives on the spread of Chinese capitalism this collection

emphasizes the difference between Western and Chinese forms of capitalism Including sections on China s pre industrial economy as well as the growth of modern Chinese capitalism this collection will be a valuable resource for students of Asian and Chinese studies as well as those concerned with the economics of Chinese societies
