Sullivan,2004-08-30 This book provides a comparative analysis of 30 American interventions into Third World countries An historical approach is used to place the featured cases

into a more general history of American Diplomacy The author uses his assessments to prove that U S foreign policy has been driven by the goal of being the ultimate power in the global capitalist economic system The author makes his work unique by giving a critical view of America s place in the world during an anticipated time of war and raised patriotism He provides a scholarly look at U S diplomacy leading up to the era of the War on Terror Sullivan explains how over the past 50 years the U S has come to succeed Europe as ruler of the global economic system The political systems which have been promoted by the U S to preserve worldwide capitalism range from one party rule to monarchies and recurring civil war The interventions discussed have proved to be short term successes for U S policy but more often tragic for the local societies affected Sullivan draws on his 1996 release *Comparing State Politics* to create a number of tables that place U S involvement into geographic and hierarchic perspective The reader is ultimately provided with a provocative thesis that challenges traditional interpretations of America s role in the world This book will be an asset to any undergraduate college student taking classes in political science or history It will also appeal to a general audience
