From a master historian the definitive account of history's first terrorists An offshoot of the Ismaili Shi'ite sect of Islam the Assassins were the first group to make systematic use of murder as a political weapon Established in Iran and Syria in the eleventh and twelfth centuries they aimed to overthrow the existing Sunni order in Islam and replace it with their own They terrorized their foes with a series of dramatic murders of Islamic leaders as well as of some of the Crusaders who brought their name and fame back to Europe Professor Lewis traces the history of this radical group studying its teachings and its influence on Muslim thought Particularly insightful in light of the rise of the terrorist attacks in the U S and in Israel this account of the Assassins whose name is now synonymous with politically motivated murderers places recent events in historical perspective and sheds new light on the fanatic mind

An examination of the interactions of the Christian Knights Templar and their Muslim counterparts the Assassins and of the profound changes in Western society that resulted Restores the reputation of the secret Muslim order of the Assassins disparaged as the world's first terrorist group Dispels many myths about the Knights Templar and provides the most incisive portrait of them to date A thousand years ago Christian battled Muslim for possession of a strip of land upon which both their religions were founded These Crusades changed the course of Western history but less known is the fact that they also were the meeting ground for two legendary secret societies The Knights Templar and their Muslim counterparts the Assassins In *The Templars and the Assassins* The Militia of Heaven occult scholar and secret society member James Wasserman provides compelling evidence that the interaction of the Knights Templar and the Assassins in the Holy Land transformed the Templars from the Pope's private army into a true occult society from which they would sow the seeds of the Renaissance and the Western Mystery Tradition Both orders were destroyed as heretical some seven hundred years ago but Templar survivors are believed to have carried the secret teachings of the East into an occult underground from which sprang both Rosicrucianism and Masonry Assassin survivors known as Nizari Ismailis flourish to this day under the spiritual leadership of the Aga Khan Wasserman strips the myths from both groups and penetrates to the heart of their enlightened beliefs and rigorous practices delivering the most probing picture yet of these holy warriors
