The Astrological Houses The Spectrum Of Individual Experience:

The Astrological Houses Dane Rudhyar, 1972 *The Spectrum of Individual Experience* Dane Rudhyar, The Twelve Astrological Houses Dane Rudhyar, 2013-06-05

The material for THE TWELVE ASTROLOGICAL HOUSES The Way of Creative Accomplishment was written in 1943 44 immediately following THE ZODIAC as THE UNIVERSAL MATRIX Like its companion book it is one of Rudhyar s most accessible and easy to read works It provides comprehensive descriptions of each of the ten astrological planets in each of the twelve astrological houses In common with THE UNIVERSAL MATRIX the astrological interpretations are more striking psychological and critical than what we came to expect from Rudhyar during the second half of the 20th century The electronic publication includes hyperlinks to the birth charts of dozens of interesting example nativities This volume should not to be confused with Rudhyar s later works THE ASTROLOGICAL HOUSES The Spectrum of Individual Experience which is currently out of print and available used at Amazon com or with The Twelve Houses as Problems We All Face Some sample passages from THE TWELVE ASTROLOGICAL HOUSES Every personality is the child of an individual vision Ascendant and of a set of collective habits second house Rudhyar writes The great person is one who uses such habits to demonstrate the vision and thereby repolarizes them The weak personality lets collective habits use the vision which thereby becomes distorted and materialized Every personality is a field of integration for individual vision first house and collective habits second house our inner life is very often a battlefield It is in the third house that the issue is determined for it is the quality of the person s environment and of his mentality largely conditioned by education which will decide in the third house whether the fourth house factors ego home and so on will be energized preponderantly either by those developed in the first house or those belonging to the second house PLANETS IN THE FIFTH HOUSE When a strong planet or a group of planets are located in the fifth house of a natal chart this does not mean the native will necessarily be a particularly gifted artist or a great lover or the progenitor of many children and so on It indicates rather that matters related to this house will be insistently the focal point for the person s attention The native will be involved in fifth house issues and experiences by apparent choice or by compulsion They will create problems which will demand a solution Problems however constitute opportunities for growth and for creative accomplishment thus the title of this series Where there are no problems the mind and will of the individual are not roused into operation MOON IN THE ELEVENTH HOUSE The Moon in the eleventh house signifies a person highly sensitive to social moods and changes who is often the mouthpiece of some great mass movement seeking expression in a subterranean manner The spiritual occult systems proclaimed by Rudolph Steiner are much involved in personalized states of consciousness and dependent on personal revelations Indeed it might be argued the revelations of the seer could merely be projections of his collective national and personal hopes and wishes and fears and prejudices rather than authentic and significantly interpreted revelations of spiritual realities The traditional chart of Joan of Arc shows Moon conjunct Jupiter in the eleventh house indeed an excellent symbol for one whose

Voices saved a Kingdom *The Astrological Imagination* Brad Hiljanen Kochunas,2008-10-02 Many books today simply widen the field of astrology by promoting newly created techniques or championing older historical methods for investigating every possible nook and cranny of a horoscope In contrast this award winning writer points the reader in a new direction toward deepening the way that we approach and think about astrology in these post modern times Drawing upon the archetypal perspectives of Mircea Eliade James Hillman and Thomas Moore the author presents a truly psychological astrology an astrology of soul that can plumb the depths of our being sounding out our centers in a manner that enriches our struggle to fully engage what it means to be human The Houses - Temples of the Sky Deborah Houlding,2006 There is very little written on the most contentious area of astrology and this greatly updated and revised edition more than adequately fills the gap The Archetype of the Number and its Reflections in Contemporary Cosmology Alain Negre, Astrology of Midlife and Aging Erin Sullivan,2005-05-19 The first in depth analysis of how an individual s natal horoscope reveals the unique challenges and opportunities of midlife Between the ages of thirty seven and forty one something mysterious takes place within the psyche Jung called this phase our unlived life assuming rightly that midlife did not inaugurate a time of rapid decay loss of libido and inevitable death but rather ushered in a period in which one might review one s life and build upon a strong foundation toward the next phase of adulthood Acclaimed astrologer Erin Sullivan takes us through the vast changes that astrology reveals as we reach middle age It is a moment in life that is characterized by the planet Uranus one filled with opportunities to both rethink the past and move forward toward the future witnessing our lives in the way Uranus connotes There exist no maps of the terrain except the natal horoscope **The Astrology of Relationship** Michael R. Meyer,2000-01-20 Of all the branches of astrology it is probably synastry the technique of comparing the birth charts of two or more persons that most fascinates those who practice astrology today This is the first book to deal thoroughly with the basic purpose and techniques of chart comparison in clear contemporary terms Going beyond the simplistic popular methods which compare only sun signs Michael Meyer s humanistic approach to synastry offers a responsible tool for understanding the mutually constructive aspects of any relationship The Astrology of Relationship introduces the concept of relationship with a brief overview of its place in traditional astrological practice and its relation to certain Eastern Philosophical concepts Explaining the significance of planets houses and signs in determining personal compatibility Meyer offers a step by step technique for chart comparison including full instructions for casting and interpreting zodiacal contact house contact and composite charts To demonstrate the methods described the book concludes with synastry analyses of three important relationships in history Sigmund Freud and Carl Jung George Sand and Frederic Chopin and founders of the Theosophical Society Madame Blavatsky and Henry Olcott Michael R Meyer is the author of A Handbook for the Humanistic Astrologer and The Astrology of Change Horary Astrology and its Humanistic Applications **Tarot for the New Aeon** P.
