

The Bader Wing

John Frayn Turner

The Bader Wing:

The Bader Wing John Frayn Turner, 2007-06-21 Douglas Bader remains a legendary figure and the best known of all the Battle of Britain aces. Having lost both his legs in a pre-war flying accident, Bader overcame this disability to become not just a superb fighter pilot but a tough and charismatic leader. At a critical time in the War, Bader persuaded his superiors that fighters were best employed in Big Wings and was given the chance to lead five squadrons. This he did with conspicuous success until shot down over France and captured. In addition to describing the dramatic aerial actions of the pilots involved, this book examines the tactics and strategy of the Big Wing principle, drawing on the views and opinions of some of the greatest pilots of the Second World War, including Johnnie Johnson, Laddie Lucas, Hugh Dundas, Alan Deere, and Sholto Douglas.

Bader Wing John Frayn Turner, 2007 Douglas Bader, the indomitable legless air ace, became a legend in his own lifetime and is today remembered as one of the greatest combatants to emerge during World War II. But less is known about the Bader Wing and its crucial contribution to the Battle of Britain. For the first time, this book reveals the fascinating story of the charismatic Wing Commander and the five squadrons which he led, the Bader Wing, consisting of some sixty pilots in all.

Bader's Big Wing Controversy Dilip Sarkar, 2022-01-12 Group Captain Sir Douglas Bader remains one of the most famous RAF fighter pilots to date, perhaps even the most famous of all, thanks to Paul Brickhill's best-selling 1950s yarn *Reach for the Sky* and Dany Angel's box office hit of the same name starring Kenneth Moore. Bader, a graduate of the RAF College Cranwell and a professional career officer, was a gifted sportsman and aerobatic pilot but headstrong. After a crash that led to the amputation of both of his legs, the Second World War was his man of action's salvation. Passing a flying test, he returned to the RAF, first flying Spitfires with 19 Squadron at Duxford. In due course, he was posted to 222 Squadron as a flight commander, seeing action over Dunkirk. Already newsworthy, the swashbuckling legless fighter pilot was also a favorite of his Station Commander, Wing Commander A.B. Woody Woodhall, and more importantly, his 12 Group Air Officer, Commanding Air Vice Marshal Leigh Mallory. In short order, therefore, Bader was soon elevated to Acting Squadron Leader and given command of 242 Squadron, a Canadian Hurricane squadron which he led throughout the Battle of Britain. On 30 August 1940, 12 Group was requested to reinforce 11 Group and intercept a raid on an aircraft factory at Hatfield. This was Bader and 242 Squadron's first experience of a mass German raid, and many combat claims were subsequently filed. The events that day led Bader to submit a report arguing that the more fighters he had at his disposal, the greater would be the execution of the enemy that could be achieved. It was a concept that received support from Leigh Mallory, who recognised an opportunity for 12 Group to play a greater part in what was clearly an historic battle. Leigh Mallory authorised Bader to lead three, then five squadrons, a controversial formation that came to be known as the Duxford Wing or Big Wing. In Bader's Big Wing Controversy, Dilip Sarkar not only explores the full story of the people and events that led to the creation of the Big Wing at Duxford, he also fully investigates the part that its men and machines played in the Battle of Britain story. Whilst

Bader was not personally intending disloyalty as such to his Air Officer Commander in Chief Air Chief Marshal Sir Hugh Dowding he was as the latter once commented the cause of a lot of the trouble In his burning desire to propel 242 Squadron and himself its leader into the forefront of the action the newsworthy acting squadron leader found himself used by darker forces men with axes to grind and personal ambitions to further **Bader's Spitfire Wing** Dilip Sarkar,2022-05-05

Whether you have feelings about Bader or not this is an excellent book to gain insight into the summer of 1941 when ready or not the RAF went on the offensive The Journal of the Air Force Historical Foundation On 30 August 1940 at the height of the Battle of Britain the pilots of RAF Fighter Command s No 12 Group were requested to reinforce 11 Group and intercept a Luftwaffe raid on an aircraft factory at Hatfield The events that day led the swashbuckling legless fighter pilot Douglas Bader to submit a report arguing that the more fighters he had at his disposal the greater would be the execution of the enemy that could be achieved It was a concept that received support from 12 Group s Air Officer Commanding Air Vice Marshal Leigh Mallory In Bader s proposal Leigh Mallory saw an opportunity for 12 Group to play a greater part in what was clearly an historic battle Leigh Mallory authorised Bader to lead three then five squadrons a controversial formation that came to be known as the Duxford Wing or Big Wing For the rest of 1940 Bader and the Big Wing then based at Duxford played its part in the defense of Britain s skies Then in March 1941 the role of Wing Commander Flying was created This was the fighter pilot s dream appointment because the Wing Leader s sole responsibility was leading his wing in action unfettered by tedious administration and logistical matters Needless to say Douglas Bader was amongst the first wing leaders He was even given the choice of which Wing he preferred He chose to take command of that based at Tangmere on the South Coast right at the fore of the RAF s battle against the Luftwaffe In Bader s Spitfire Wing Dilip Sarkar not only explores the full story of the men and machines of the Tangmere Wing in 1941 as well as the controversy that surrounds their use he also fully investigates the part that they played in the RAF s efforts to take the offensive to the Luftwaffe on the opposite side of the English Channel It was in one such sortie in August 1941 that the Tangmere Wing lost its famous leader Bader went on to spend the rest of the war in captivity **The Bader Wing** Turner,1982-02-01 Spitfire Leo McKinstry,2010-10-14 In June 1940 the German Army had brought the rest of Europe to its knees Hitler knows that he will have to break us in this island or lose the war If we can stand up to him all Europe may be free and the life of the world will move forward into broad sunlit uplands said Churchill The future of Europe depended on Britain A self confident Herman Goring thought that it would be only a matter of weeks before his planes had forced Britain to surrender The courage resourcefulness and brilliant organisation of the RAF were to prove him wrong By late September 1940 the RAF had proved invincible thanks to the Vickers Supermarine Spitfire It exceeded anything that any other air force possessed RJ Mitchell a shy and almost painfully modest engineer was the genius behind the Spitfire On the 5th March 1936 following its successful maiden flight a legend was born Prize winning historian Leo McKinstry s vivid history of the Spitfire brings together a rich cast of characters and first hand testimonies It is

a tale full of drama and heroism of glory and tragedy with the main protagonist the remarkable plane that played a crucial role in saving Britain *Great Warrior Leaders/thinkers*, 1989 *Duxford and the Big Wings, 1940-45* Martin W. Bowman, 2009-10-19 A pulsating account of the young RAF and American fighter boys who flew Spitfires Hurricanes Thunderbolts and Mustangs during 1940-45 It is unique in that the story is told using first person accounts from RAF German and American Eagles who fought in the skies over England in the Battle of Britain in the summer of 1940 and the great air offensives over occupied Europe from 1942 onwards The first five and a half chapters cover the Battle of Britain period when the RAF squadrons fought dog fights with the Luftwaffe and then fought them in gathering strength using the Big Wings to meet the bomber fleets attacking London The second part of the book covers the Eagle squadron period which was expanded with America's entry into the war The action moves to the USAAF Big Wings of Thunderbolts and Mustang fighters that flew escort missions and dueled with the Luftwaffe over the continent during the massive bomber raids on German targets in France the Low Countries and the Reich itself A whole host of incredible first hand accounts by British Polish Czech German and American fighter pilots permeate the action and describe the aerial battles as only they can This unique book also includes many accounts and photos that have not previously been seen before while the rich mix of combat accounts from all sides are brought together for the first time in one volume *Collision of Empires* A. D. Harvey, 1993-07-01 The only previous war to match the world wars of the twentieth century in scale and impact was the French War of 1793-1815 This book is the first book to compare these conflicts which together shaped the history of the modern world A D Harvey relates the causes conduct and outcome of these wars to the fundamental nature of the societies which fought them Political decisions economic power and social attitudes interfused with the demands of military technology to determine the outcome of each case Britain is the centre of focus but is seen against a background of the other combatants Harvey's ability to make large scale generalisations is backed up by a wealth of fascinating and carefully documented detail making this outstanding and exceptionally well written book a pleasure to read The author has tackled a huge subject and has not been afraid to face up to either its complexities or its implications By asking new questions and using a range of unfamiliar sources this book provides an unusually profound analysis not only of these wars but also of the nature of modern society and of our understanding of the past *Dowding & Churchill* Jack Dixon, 2009-04-21 A WWII historian shines a light on an unsung hero of the Battle of Britain and reveals the conspiracy that led to his undignified dismissal From 1936 to 1940 Air Chief Marshal Sir Hugh Dowding built Britain's cutting edge defensive force Fighter Command Thanks to his foresight Fighter Command was the only military arm prepared for battle when war was declared against Germany Dowding's leadership of Fighter Command was crucial to achieving victory in the Battle of Britain one of the decisive battles of Western Civilization Though the importance of the Battle of Britain was recognized at the time Dowding was relieved of his command shortly afterward and shuffled into retirement without recognition This book reveals that this was the result of a shabby conspiracy by fellow

officers In March 1941 the Air Ministry published a brief account of the battle that made no mention of Dowding Churchill was furiously indignant But in November 1940 he had acquiesced in Dowding s removal Why And what are the factors that led to Dowding s dismissal in the first place In this thought provoking and authoritative book Jack Dixon answers these questions and explains Dowding s true greatness
