The Baltic Countries Estonia Latvia And Lithuania:

The Baltic States Thomas Lane, Artis Pabriks, Aldis Purs, David J. Smith, 2013-11-05 Since the end of the Cold War there has been an increased interest in the Baltics The Baltic States brings together three titles Estonia Latvia and Lithuania to provide a comprehensive and analytical guide integrating history political science economic development and contemporary events into one account Since gaining their independence each country has developed at its own pace with its own agenda and facing its own obstacles The authors examine the tensions accompanying a post communist return to Europe after the long years of separation and how each country has responded to the demands of becoming a modern European state Estonia was the first of the former Soviet republics to enter membership negotiations with the European Union in 1988 and is a potential candidate for the next round of EU expansion in 2004 Lithuania and Latvia have also expressed their desire for future membership of NATO and the EU

The Baltic Countries--Estonia, Latvia, and Lithuania Adriane Ruggiero, 1997-11-01 Describes the people culture geography history and customs of Estonia Latvia and Lithuania while emphasizing the national pride of these countries no longer dominated by the former Soviet Union

The Baltic Nations and Europe John Hiden, Patrick Salmon, 2014-01-14 Of all the Soviet Union s subject nationalities the three Baltic republics Estonia Latvia and Lithuania were the most determined and best organised in seizing the opportunities created by glasnost and perestroika to win freedom from Moscow s grip At the time of first publication in 1991 the final section of the book was speculative Now for this revised edition the authors have provided a new final chapter which brings the story up to date and the three republics to political independence again

Estonia, Latvia and Lithuania Derek E Mix, 2020-01-04 Estonia Latvia and Lithuania often referred to as the Baltic states are close U S allies and considered among the most pro U S countries in Europe Strong U S relations with these three states are rooted in history The United States never recognized the Soviet Union s forcible incorporation of the Baltic states in 1940 and it applauded the restoration of their independence in 1991 These policies were backed by Congress on a bipartisan basis The United States supported the Baltic states accession to NATO and the European Union EU in 2004 Especially since Russia s 2014 invasion of Ukraine potential threats posed to the Baltic states by Russia have been a primary driver of increased U S

and congressional interest in the region Congressional interest in the Baltic states has focused largely on defense cooperation and security assistance for the purposes of deterring potential Russian aggression and countering hybrid threats such as disinformation campaigns and cyberattacks Energy security is another main area of U S and congressional interest in the Baltic region This monograph discusses Regional Security Concerns Defense Cooperation and Security Assistance Potential Hybrid Threats

The Baltic States Graham Smith,2016-07-27 The Baltic States examines the struggles of the Baltic peoples for national self determination It is divided into two parts Part one explores their nationalist awakening how the realization of national self determination during the inter war years of independent statehood manifested itself and the impact that fifty years of subsequent incorporation into the Soviet Union has had on Baltic politics and national cultures Part two examines the nationalist reawakening in the late 1980s the re establishment of Baltic national self governance in 1990 91 and the problems that these countries now face as sovereign entities

Baltic States in Post-war Europe Alfreds Bilmanis,1944

Understanding the Baltic States Charles Clarke,2023-02-16 This book addresses a crucial question the contribution of Estonia Latvia and Lithuania to the historic dissolution of the USSR in 1991 which in turn led to regained independence for the Baltic States in that year This is an important history relating to the interplay between divisions and tensions at the heart of the USSR and the growing Baltic independence movements It also has great contemporary significance as a result of Russia s February 2022 invasion of the Ukraine To justify this act Vladimir Putin has explicitly promoted a Greater Russian version of history including a dangerously inaccurate narrative of what occurred in the Baltics in 1991 He also continues to threaten military action against the Baltic states all of which are members of NATO The contributors who include Brendan Simms Vladislav Zubok Andrew Wilson Mart Kuldkepp Bridget Kendall Kristina Spohr Kaarel Piirim e and Neil Taylor analyse the struggles of Estonia Latvia and Lithuania to secure their independence and set out how Moscow is propagating fake history as well as engaging in destabilising measures and cyber attacks to undermine these countries hard won freedom This indispensable volume addresses head on the biggest geopolitical challenge facing the world today responding to Russian military adventurism
