The Bankers Secret:

The Bankers' Secret Kenneth Eric Trent, 2020-12-17 THE BANKERS SECRET This book will take you on a rollicking ride through the foreclosure explosion starting in 2008 and continuing through the present time Alternately hilarious poignant tragic and mysterious the story introduces real life doppelgangers and the original MERS virus Told as he experienced it by the litigator known as the Foreclosure Destroyer who exposed the bankers practice of robo signing he leads you to the inner sanctum and demonstrates with crystal clarity how truly nefarious the big banks are This work is written by a rebellious person for other rebellious folks with an eye toward starting a rebellion The author irreverently recounts his personal experiences and those of other lawyers for the 99 percent which when exposed led to the government's investigations of corrupt bank practices in foreclosures across the nation Included are transcripts of trials witness statements and whistleblower affidavits So too in this book the reader will find shocking and detailed evidence of criminal wrongdoing by Bank of America and several other banks Mr Trent explores the underpinnings of the woefully inadequate punishment of the so called institutions and their principals and what can be done about it The author asserts that banks are not too big to fail and bankers are not too big to jail From front to back this book analyzes a haunting mystery the solution to which will engender outrage in virtually all who learn it Inquiring minds indeed want to know why IS it that the banks use fake evidence in court as a standard practice This book answers that question and many others It will make you laugh It may make you cry Hang on and enjoy the ride

A Banker's Secret Marc Eisenson, 1987 The Bankers Shane Ross, 2009-11-05 As recently as 2007 the Irish economy was still booming and the state coffers overflowing by the end of 2008 the state faces an unprecedented crisis The story of the Irish banking collapse is a tawdry tale of collusion back scratching and denial among bankers developers regulators and politicians This is the story Shane Ross independent Senator long time champion of citizens against misbehaving corporations and Journalist of the Year 2009 tells in *The Bankers* going behind the scenes and the headlines to explain what happened how it happened and who made it happen They're all here Sean FitzPatrick Michael Fingleton and the other bank bosses Patrick Neary and his colleagues in Ireland's failed regulatory apparatus the property developers whose borrowings ruined the banks and many of whom are now personally ruined and the politicians whose policies helped inflate the property bubble and who have allowed the banks to dictate the terms of their bail out Shane Ross knows the stories of these people and what they got up to and in *The Bankers* he makes sense of a scandal that will haunt Ireland for years to come

The Bankers', Insurance Managers', and Agents' Magazine, 1899 Constantine Versus the Bankers C. Eliopoulos Nicholas C. Eliopoulos, 2010 Constantine Versus the Bankers is the epic of what went wrong and still goes wrong in a seemingly Christian setting In spite of setbacks it examines what is yet to be accomplished toward Peace in this world There is nevertheless a de facto kind of oneness in politics religion education and public ethos albeit as four distinctly separate Estates and not always in harmony This results at times in human failure and

more often in pernicious conspiracies at work Constantine still is maligned from contemporary world leaders to historians while Christians still are selectively being killed with evermore imaginative cunning Consider the sources vilifying Christianity they are the same agencies hunting down the Holy Apostles on their Mission with the same combination of Murky Forces and modern internationalist adepts While considered a sacred cow the Bankers of all grades are popularly held on the highest pedestal and glorified as saviors greater than God As matters today stand the only solutions to cultural political social economic and educational impasses come through going deeper into private national and international debt sinking down into the cavernous jaws of the interest bearing Vipers To believe in an irreversibly coming doom is to question whether there is a God or not **Mother Jones Magazine** ,1988-09 Mother Jones is an award winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues
