The Baroque Period Songbook

William Lawes

The Baroque Period Songbook:

Music in the Baroque Era - From Monteverdi to Bach Manfred F. Bukofzer, 2013-04-16 This vintage book contains a comprehensive treatise of Baroque music. It was written for the music student and music lover with the aim of acquainting them with this great period of music history and helping them to gain a historical understanding of music without which baroque music cannot be fully appreciated and enjoyed. Written in simple plain language and full of fascinating information about baroque music, this text will appeal to those interested in music but who have little previous knowledge of baroque and it would make for a most worthy addition to collections of music related literature. The chapters of this book include Early Baroque in Italy, The Beginnings of the Concertato Style, Gabrieli, The Phases of Baroque Music, Tradition and progress in Sacred Music, The Netherlands School and Its English Background, et cetera. We are republishing this antiquarian volume now in an affordable modern edition complete with a new prefatory biography of the author.

An English Medieval and Renaissance Song Book Noah Greenberg, 2013-04-10 Forty seven vocal works from the 12th to the 17th centuries including songs by Henry IV and Henry VIII as well as Thomas Tallis, William Byrd, Thomas Ravenscroft, Thomas Morley and Thomas Weelkes.

UKetopia! Jim Beloff, 2021-12-10 When Billboard Associate Publisher Jim Beloff purchased his first ukulele at the Rose Bowl Flea Market in 1992, there were no ukulele songbook collections on the market, none just a few vintage instructional books. As an already accomplished guitarist, this frustrated Jim who had fallen in love instantly with this little instrument. Sensing that there might be an opportunity to fill this void, he and his graphic artist wife Liz created Flea Market Music Inc, which for thirty years has published more than three dozen song and instructional books totaling over one million copies in print. They have also grown the ukulele market through their influential fleamarketmusic.com website, the creation of the popular UKetopia concert series, marketing and promoting their family's line of ukuleles, consulting on two major museum shows and a continuous performing schedule. At the same time, Jim aka Jumpin Jim wrote the first complete full color history book on the ukulele, recorded and produced nearly a dozen CDs, made three instructional DVDs, composed two ukulele concertos for symphony orchestra, penned numerous articles for ukulele and trade magazines, and continues to lead workshops at uke festivals throughout the world. Today Jim and Liz are recognized as having played a major role in the current third wave of ukulele popularity. They've also accumulated a lot of wonderful stories and photographs in their almost three decades of ukulele adventures that are included in UKetopia. Jim also recounts some stories of memorable experiences trading licks and working with celebrities such as George Harrison, Bette Midler, William H. Macy, Eddie Vedder, and yes, Tiny Tim.

A History of Baroque Music George J. Buelow, 2004-11-23 A History of Baroque Music is a detailed treatment of the music of the Baroque era with particular focus on the seventeenth century. The author's approach is a history of musical style with an emphasis on musical scores. The book is divided initially by time period into early and later Baroque (1600-1700 and 1700-1750 respectively) and secondarily by country and composer. An introductory chapter discusses stylistic continuity.

with the late Renaissance and examines the etymology of the term Baroque The concluding chapter on the composer Telemann addresses the stylistic shift that led to the end of the Baroque and the transition into the Classical period Jacket
