**The Communist Party of Indonesia, 1951-1963** Donald Hindley, 1966 *The Communist Party of Indonesia, 1951-1963* Robert T. Mitchell, 1966 **The Communist Party of Indonesia, 1951-1963. 2. Printing** Donald Hindley, 1966 **A History of Modern Indonesia** Adrian Vickers, 2013-03-29 This updated edition examines the rise of fundamentalist Islam in Indonesia and asks why the country's democratic aspirations have yet to be realized The Indonesian Communist Party, 1968 *Anatomy of the Jakarta Coup, October 1, 1965* Victor M. Fic, 2005 History Of The International: World Socialism 1943-1968 Julius Braunthal, 2019-03-20 With this volume the history of the first century of the International reaches its conclusion Originally I had intended that the trilogy would come to a close with the centenary of the founding of the First International in September 1964 But before I could finish writing the third volume the tragedy of the Communist revolution in Czechoslovakia had played itself out The Spring of Prague of 1968 having set in motion a process of change from a Communist dictatorship to a Socialist democracy was followed within a few months by the invasion of the armies of the five Warsaw Pact powers to forestall reformation in Czechoslovakia Both revolution and counter revolution were events of the utmost significance for the history of Socialism the revolution for showing that it was possible for a Communist system of totalitarian dictatorship to be transformed without resort to force and the counter revolution for showing how the regime in the Soviet Union has remained essentially unaltered since Stalin's death The invasion of Czechoslovakia brutally called in question any optimistic perspective of development within the Soviet Union itself *Communist Party of Indonesia*, 1977 *Party System Institutionalization in Asia* Allen Hicken, Erik Martinez Kuhonta, 2014-12-29 This book provides a comprehensive empirical and theoretical analysis of the development of parties and party systems in Asia The studies included advance a unique perspective in the literature by focusing on the concept of institutionalization and by analyzing parties in democratic settings as well as in authoritarian settings The countries covered in the book range from East Asia to Southeast Asia to South Asia **Mao and the Sino-Soviet Split, 1959-1973** Danhui Li, Yafeng Xia, 2018-09-15 In the twenty first century students of Cold War history are fortunate to have the fruits of several major works on the Sino Soviet split by European and American scholars What is lacking in English literature however is a book based on international documentation especially Chinese archival documents that tell the story from the Chinese perspective Based on archival materials from several countries particularly China and more than twenty years of research on the subject two prominent Chinese historians Danhui Li and Yafeng Xia offer a comprehensive look at the Sino Soviet split from 1959 when visible cracks appeared in the Sino Soviet alliance to 1973 when China's foreign policy changed from an alliance with the Soviet Union to oppose the United States to aligning with the United States to oppose the Soviet Union **Mao and the Sino Soviet Split 1959 1973 A New History** is a reevaluation of the history of the Sino Soviet split and offers the first comprehensive account of it from a Chinese perspective This book together with its prequel *Mao and the Sino Soviet*

Partnership 1945 1959 A New History is important because any changes in Sino Soviet relations at the time affected and to a great extent determined the fate of the socialist bloc More importantly it directly impacted and transformed the international political situation during the Cold War These two books promise to be a reevaluation of the history of the Sino Soviet alliance from its birth to its demise These fascinating books will be a crucial resource for all those interested in the topic and will stand as the definitive work on the Sino Soviet alliance for years to come

**Culture and Politics in Indonesia** Claire Holt, 2007 In these studies scholars from the United States and Indonesia identify some of the cultural roots of Indonesian political behavior The authors representing the fields of anthropology history and political science explore the ways in which traditional institutions beliefs values and ethnic origins affect notions of power and rebellion influence political party affiliations and create new modes of cultural expression Using two different but contemporary approaches the authors show what can be learned about Indonesia through use of the Western concepts of culture and politics Professors Lev Liddle and Sartono illustrate how much can be gained from presenting Indonesian life in Western terms while Professors Abdullah and Anderson contrast Indonesian and Western ideas In an Afterword Clifford Geertz reflects on the questions raised in these essays by discussing the tense relationships between Indonesian political institutions and the cultural framework in which they exist CLAIRE HOLT was until her death in 1970 Senior Research Associate of the Modern Indonesia Project Cornell University In Indonesia she served as assistant to the late Dr W F Stutterheim the noted archaeologist and cultural historian She lectured extensively in Europe the Far East and the United States on Indonesian culture and worked as a researcher and training specialist for the US Department of State

Islam, Nationalism and Democracy Audrey R. Kahin, 2012-03-01 As Indonesia's leading Muslim politician in the second half of the 20th century Mohammad Natsir 1908 1993 went from heading the country's first post independence government and largest Islamic political party to spending years in rebellion and in prison After initially welcoming Soekarno's overthrow in 1965 he became one of the most outspoken critics of the successor Suharto government's increasingly autocratic rule Natsir's copious writings stretch from his student days in the late colonial period when his debates with Soekarno over the character of Indonesian nationalism first attracted public attention to the years immediately preceding his death when his trenchant criticisms brought him the enmity of the Suharto regime They reveal a man struggling to harmonize his deep Islamic faith with his equally firm belief in national independence and democracy Drawing from a wide range of materials including these writings and extensive interviews with the subject this political biography of Natsir positions an important Muslim politician and thinker in the context of a critical period of Indonesia's history and describes his vision of how a newly independent country could embrace religion without sacrificing its democratic values

**Power and Political Culture in Suharto's Indonesia** Stefan Eklöf, 2004 Under Indonesia's authoritarian New Order regime the continued existence of the Indonesian Democratic Party PDI was meant to demonstrate the ostensibly democratic character of the regime In essence this small nationalist Christian coalition was meant to fill the

role of pliant state corporatist party From the later 1980s however the PDI became more openly critical of government policies and came to stand out as the major proponent of reform within the formal political system The government responded in 1996 by engineering the removal of the popular Megawati Sukarnoputri as PDI leader a move that significantly damaged the popular legitimacy and moral standing of the regime Against this background the book assesses broader questions of political culture political participation regime maintenance and opposition in the late Suharto era The political culture perspective provides a fresh understanding of politics under the New Order and its influence on the systems of power and political relations in post Suharto Indonesia

*From Jail to Jail* Tan Malaka, 2020-03-10 *From Jail to Jail* is the political autobiography of Sutan Ibrahim gelar Tan Malaka an enigmatic and colorful political thinker of twentieth century Asia who was one of the most influential figures of the Indonesian Revolution Various labels a communist Trotskyite and nationalist Tan Malaka managed to run afoul of nearly every political group and faction involved in the Indonesian struggle for independence During his decades of political activity he spent periods of exile and hiding in nearly every country in Southeast Asia As a Marxist who was expelled from and became a bitter enemy of his country's Communist Party and as a nationalist who was imprisoned and murdered by his own government's forces as a danger to its anticolonial struggle Tan Malaka was and continues to be soaked in contradiction and controversy Translated by Helen Jarvis and with a new introduction from Harry A Poeze this edition of *From Jail to Jail* contextualizes the life and political accomplishments of Tan Malaka in one of the few known autobiographies by a Marxist of this political era and region

**A. H. Nasution and Indonesia's Elites** Barry Turner, 2017-11-17 This is an account of the military political and personal life of Abdul Haras Nasution who was a seminal figure in modern Indonesian history in the years prior to his effective sidelining in the 1960s He was an important commander during Indonesia's struggle for independence who rose to become a key leader of the Indonesian armed forces under the first president Sukarno Perhaps more significantly he developed ideas about guerrilla warfare that developed into a sophisticated and socially conservative doctrine for the mobilising of civilian communities This in turn became the underpinning of the repressive military backed New Order regime of Indonesia's second president Suharto who ruled from 1966 until 1998 and which Nasution initially supported Understanding Nasution's thinking about total people's resistance is therefore very important for understanding the broader trajectory of Indonesian political history That includes both the New Order and the emerging democratic regime that developed after its collapse The new political system that called itself the Reform Era was in many ways a direct reaction to the New Order military's penetration and close control of Indonesian society but it has never dismantled the shadow state structure of the armed forces that Nasution designed and Suharto perfected In other words as this book shows Nasution's legacy still looms large today in Jokowi's Indonesia This is not the first assessment of Nasution's life but it differs from earlier works by its investigation of Nasution's personal life and in particular his relationship with the well off and well connected Gondokusumo family of which he became

a member by his marriage to Johana Sunarti Gondokusumo The author's thorough investigation of Nasution's relationship with Sunarti and her father offers important new insights into how Nasution's ideas evolved as does the translations of important extracts from Nasution's own voluminous writing included in the text The Army and Politics in Indonesia Harold A. Crouch, 2007 A comprehensive description of the Indonesian Army's history of political involvement Crouch's incredible knowledge of so many facets of intrigue and manipulation of names dates enemies and friends and specific circumstances under which each attempted coup and counter effort was made is phenomenal His attention to the supporting literature and his own personal experiences in country certainly would indicate that Mr Crouch is if not the leading expert in this complex and bewildering subject Highly recommended Perspective Reviews of New Books in Political Science The author has produced the most thorough and balanced account of contemporary Indonesian politics yet to appear in print Canadian Journal of Political Science A valuable contribution to our knowledge of modern Indonesia Journal of Southeast Asian Studies In this highly respected work Harold Crouch analyzes the role of the Indonesian Army in that country's politics putting special emphasis on the Sukarno years the gradual takeover of power by the military and the nature of Suharto's New Order government The Army and Politics in Indonesia is now updated with a new preface and epilogue that expands the book's coverage to the 1980s HAROLD CROUCH is a Senior Fellow in the Department of Political and Social Change Research School of Pacific and Asian Studies Australian National University where his research is concerned with Southeast Asian politics He taught political science at the University of Indonesia in Jakarta from 1968 to 1971 and in the Department of Political Science at the National University of Malaysia from 1976 to 1990 *De-centering Cold War History* Jadwiga E. Pieper Mooney, Fabio Lanza, 2013 De Centering Cold War History challenges the Cold War master narratives that focus on super power politics by shifting our analytical perspective to include local level experiences and regional initiatives that were crucial to the making of a Cold War world Cold War histories are often told as stories of national leaders state policies and the global confrontation that pitted a Communist Eastern Bloc against a Capitalist West Taking a new analytical approach this book reveals unexpected complexities in the historical trajectory of the Cold War Contributions from an international group of scholars take a fresh look at historical agency in different places across the world including Africa Asia Europe and the Americas This collaborative effort shapes a street level history of the global Cold War era one that uses the analysis of the local to rethink and reframe the wider picture of the global connecting the political negotiations of individuals and communities at the intersection of places and of meeting points between ordinary people and political elites to the Cold War at large Essential reading for all students of Cold War history *Marxism in Asia* Colin Mackerras, Nick Knight, 2015-04-17 Marxism is a theory which originated in the context of nineteenth century industrialised Europe Despite its European origins Marxism has actually found greatest significance as a doctrine for change in the context of the underdeveloped peasant societies of Asia This paradox has only been resolved through adaptation of Marxism to suit the specific features of particular

Asian societies There has consequently been a differentiation of Marxism along national lines In this book first published in 1985 the theoretical and practical implications for this national differentiation of a universal European theory are explored followed by a more detailed analysis of the manner in which Marxism has developed during different historical periods in particular Asian contexts     People's War J. L. S. Girling, 2013-11-05 First published in 1969 The consequences in this book refer to Peking's policy on people's war and to US counter measures and the effect of these in South East Asia The author argues that on the whole China under Communism was a better place for the majority of people than it was under the Kuomintang Contents include Revolution and Intervention in South East Asia Communist Revolts 1948 Sino Soviet Dispute US reaction the Vietnam Commitment China Conditions for Success The Struggle for Vietnam August Insurrection China in Maphilindo Lessons from Malaya and the Philippines Peace and the Tet Offensive     Political Power and Communications in Indonesia Karl D.
