Community Called Taizé Jason Brian Santos, 2010-01-09 Taizé the word is strangely familiar to many throughout the
contemporary church Familiar perhaps because the chanted prayers of Taizé are well practiced in churches throughout the
world Strangely however because so little is known about Taizé from its historic beginnings to how the word itself is
pronounced The worship of the Taizé community as it turns out is best understood in the context of its greater mission On the
day Jason Brian Santos arrived in the Taizé community its leader was brutally murdered before his eyes Instead of making
Santos want to leave the way the community handled this tragedy made him long to stay and learn more about this group of
people who could respond to such evil with grace and love In this book he takes us on a tour of one of the world's first
ecumenical monastic orders from its monastic origins in the war torn south of 1940s France to its emerging mission as a
pilgrimage site and spiritual focal point for millions of young people throughout the world In **A Community Called Taizé** you'll
meet the brothers of the order and the countless visitors and volunteers who have taken upon themselves a modest mission

Colin Gunton's Trinitarian Theology of Culture Andrew Picard, 2024-06-27 Whilst upholding some of the criticisms of
Colin Gunton's work this incisive book argues that there is a Hauptbriefe in Gunton reception that assumes his early classic
works *The One the Three and the Many* and *The Promise of Trinitarian Theology* 1st ed are definitive of his project and fail to
engage adequately with the progressions in Gunton's later thought Instead this book offers a fresh reading of Gunton by
giving greater prominence to his later writings which are centred in the mediation of the Son and the Spirit in creation
Andrew Picard argues that Gunton's trinitarian theology of culture emerges from his later trinitarian theology of mediation
creation Christology pneumatology and ecclesiology Exploring these doctrinal foci enables an understanding of Gunton's
account of faithful human culture as embodied worship a living sacrifice of praise which contributes to the divine redemption
and perfection of creation It is the church's particular calling to embody such praise through its visible life in community The
study concludes by intersecting Gunton's theology with the social sciences to critique ableism and consider the politics of the
church's belonging in community **Community Called Church**, 1984 **Liturgy and Life** Timothy M. Brunk, 2007
Original Scholarly Monograph **System and Story** Gale Heide, 2009-01-01 *System and Story* is intended to develop a

means for bridging the gap between critics of system and those who may find value in doing systematics from a Biblically oriented context Narrative theologians have rightly identified and critiqued the development of system in academic theology Unfortunately they have not identified the ways in which systematic elements have always played a role in theological knowledge This study demonstrates the inherent systematic tendencies that still exist in narrative approaches to theology while at the same time acknowledging the appropriateness of aspects of the narrative critique of system The reaction against Enlightenment modernism is examined from the perspective of the heightened role of system in religious epistemology The work of Stanley Hauerwas serves to carry much of the conversation regarding the critique of system and a narrative alternative as it is discovered in communal formation After summarizing Hauerwas theology if such a thing is possible the final chapters explore the ecclesiological concerns of narrative theologians according to a more systematic rendering of pneumatology A Biblical rendering of pneumatology from the perspective of the Spirit's role in ecclesiology allows for a modest i e pre modern systematic presentation commensurate with narrative communal formation Thus the narrative attempt to once again do theology for the church is seen as compatible with a Scriptural i e modestly systematic theology of the Spirit

Christian faith their entire lives It will be an enormous blessing to those who teach theology and those who preach the gospel Shannon Craigo Snell Professor of Theology Louisville Presbyterian Theological Seminary Louisville KY Cindy Rigby's is a timely necessary and accessible voice in theological discourse not only for those who together comprise Christendom but also for those who are curious enough about what Christian doctrines offer by way of challenge critique and comfort in our increasingly distracted fractious world Holding Faith is a prophetic priestly and pastoral defense of a faith tradition that historically contributed to this oppressive state of affairs yet undoubtedly remains rife with redemptive possibility for individuals communities nations the cosmos In its pages Rigby provides church folks people of other faiths seminarians and inquisitive nones with a thoughtful place to search out our private and corporate relationships to the God whom the doctrines signify however imperfectly JoAnne Marie Terrell Associate Professor of Theology Ethics and the Arts Chicago Theological Seminary For those of us who teach theology it's rare to find a text that is accessible to those with no previous exposure to theology while also introducing readers in deep and expansive ways to major doctrinal teachings But Rigby has managed to accomplish both here This is a profoundly personal and invitational approach to thinking theologically in ways that demonstrate the relevance of ancient teachings for our world today And it is also a serious engagement with the biblical text a vast array of historical and contemporary theological voices poetry literature film and more this introduction to theology will empower readers to hold onto faith in new and exciting ways Deanna A Thompson Professor of Religion at Hamline University St Paul MN

God's Church-Community David Emerton, 2020-07-09 David Emerton argues that Dietrich Bonhoeffer's ecclesial thought breaks open a necessary third way in ecclesiological description between the Scylla of ethnographic ecclesiology and the Charybdis of dogmatic ecclesiology Building on a rigorous and provocative discussion of Bonhoeffer's thought Emerton establishes a programmatic theological grammar for any speech about the church Emerton argues that Bonhoeffer understands the church as a pneumatological and eschatological community in space and time and that his understanding is built on eschatological and pneumatological foundations These foundations in turn give rise to a unique methodological approach to ecclesiological description an approach that enables Bonhoeffer to proffer a genuinely theological account of the church in which both divine and human agency are held together through an account of God the Holy Spirit Emerton proposes that this approach is the perfect remedy for an endemic problem in contemporary accounts of the church that of attending either to the human empirical church community ethnographically or to the life of God dogmatically and to each problematically at the expense of the other This book will act as a clarion call towards genuinely theological ecclesiological speech which is allied to real ecclesial action
