know what it's like to crave sugar all the time so you can eat something sweet like ice cream or cake just because you're hungry. As anyone with diabetes knows, it can be hard to find a cookbook that reflects your lifestyle and offers healthy recipes that you can actually prepare while suffering from hypoglycemia (low blood sugar). That is why we created this diabetes cookbook. It's full of recipes that are made from real foods that diabetics can actually eat, not just sugary junk food like candy and soda. You can choose foods that have low glycemic index levels so you keep your blood sugar levels stable throughout the day without experiencing those terrible lows and highs that come with hypoglycemia. And each recipe has complete nutritional information so you can make sure that every bite is completely healthy for you. You'll love how easy these recipes are to prepare, how quick they are to fix when you're in a hurry, and how delicious they taste. You'll wonder why you ever ate unhealthy food before when you had access to such delicious meals right in your kitchen. You can get creative with some of our recipes, substituting or adding in different ingredients to make them work for your lifestyle. With so many cookbooks on the market, it can be difficult to find one that is both tasty and healthy.
