*From Southern Wrongs to Civil Rights* Sara Mitchell Parsons, 2009-02 This first hand account tells the story of turbulent civil rights era Atlanta through the eyes of a white upper class woman who became an outspoken advocate for integration and racial

equality As a privileged white woman who grew up in segregated Atlanta Sara Mitchell Parsons was an unlikely candidate to become a civil rights agitator After all her only contacts with blacks were with those who helped raise her and those who later helped raise her children As a young woman she followed the conventional path expected of her becoming the dutiful wife of a conservative husband going to the country club and playing bridge But unlike many of her peers Parsons harbored an increasing uneasiness about racial segregation In a memoir that includes candid diary excerpts Parsons chronicles her moral awakening With little support from her husband she runs for the Atlanta Board of Education on a quietly integrationist platform and once elected becomes increasingly outspoken about inequitable school conditions and the slow pace of integration Her activities bring her into contact with such civil rights leaders as Martin Luther King Jr and his wife Coretta Scott King For a time she leads a dual existence sometimes traveling the great psychic distance from an NAACP meeting on Auburn Avenue to an all white party in upscale Buckhead She eventually drops her ladies clubs and her deepening involvement in the civil rights movement costs Parsons many friends as well as her first marriage *Freedom's Daughters* Lynne Olson,2001 Provides portraits and cameos of over sixty women who were influential in the Civil Rights Movement and argues that the political activity of women has been the driving force in major reform movements throughout history

**Republic on the Wire** John McMurria,2017-02 The history of cable television in America is far older than networks like MTV ESPN and HBO which are so familiar to us today Tracing the origins of cable TV back to the late 1940s media scholar John McMurria also locates the roots of many current debates about premium television cultural elitism minority programming content restriction and corporate ownership Republic on the Wire takes us back to the pivotal years in which media regulators and members of the viewing public presciently weighed the potential benefits and risks of a two tiered television system split between free broadcasts and pay cable service Digging into rare archives McMurria reconstructs the arguments of policymakers whose often sincere advocacy for the public benefits of cable television were fueled by cultural elitism and the priority to maintain order during a period of urban Black rebellions He also tells the story of the people of color rural residents women s groups veterans seniors and low income viewers who challenged this reasoning and demanded an equal say over the future of television By excavating this early cable history and placing equality at the center of our understanding of media democracy Republic on the Wire is a real eye opener as it develops a new methodology for studying media policy in the past and present *Freedom Writer* Virginia Foster Durr,2006 Published to coincide with the 100th anniversary of Durr s birth A unique civil rights diary that captures the daily struggles of the movement in the 1960s

**Highlander** John M. Glen,1996 When John M Glen s Highlander No Ordinary School 1932 1962 first appeared in 1988 it was hailed as a full and authoritative study of one of the South s most extraordinary and controversial institutions Now in this second edition Glen updates Highlander s story through the 1990s He incorporates newly available materials and the latest scholarship to detail the school s recent work in Appalachia its efforts to bring international grassroots groups together on common issues and its support of emerging economic and environmental justice campaigns First named the Highlander Folk School and established in 1932 by Myles Horton and Don West near Monteagle Tennessee this adult education center has been both a vital resource for southern and Appalachian activists and a catalyst for several major movements for social change During its first thirty years Highlander served as a community folk school as a training center for southern labor and Farmer s Union members and as a meeting place for black and white civil rights workers Its advocacy of racial equality ultimately prompted the state of Tennessee to revoke the charter of the original institution in 1962 Undaunted the school s officers reorganized the institution as the Highlander Research and Education Center in Knoxville where it gave ongoing support to the civil rights movement and promoted a multiracial poor people s coalition Today operating in New Market Tennessee it continues to devise new strategies of progressive change from the experiences of ordinary people This comprehensive history offers a unique perspective on the movements institutions organizations and individuals that permanently reshaped our understanding of the South and Appalachia in the twentieth century It also suggests the range of problems and possibilities of using education to achieve economic political and racial justice

*The Unwieldy American State* Joanna Grisinger,2012-07-30 The Unwieldy American State examines controversies over federal administrative law in the 1940s and 1950s The seemingly arcane procedures used by federal administrative agencies to make rules draft policies and issue orders were a major political issue in the years following World War II as politicians and lawyers tried to shape rules according to their own political preferences Reforms changed both administrative operations and the public discussion surrounding them and made the administrative state more difficult to attack

**Fair Labor Lawyer** Marlene Trestman,2016-03-01 Through a life that spanned every decade of the twentieth century Supreme Court advocate Bessie Margolin shaped modern American labor policy while creating a place for female lawyers in the nation s highest courts Despite her beginnings in an orphanage and her rare position as a southern Jewish woman pursuing a legal profession Margolin became an important and influential Supreme Court advocate In this comprehensive biography Marlene

Trestman reveals the forces that propelled and the obstacles that impeded Margolin's remarkable journey illuminating the life of this trailblazing woman. Raised in the Jewish Orphans Home in New Orleans, Margolin received an extraordinary education at the Isidore Newman Manual Training School. Both institutions stressed that good citizenship, hard work, and respect for authority could help people achieve economic security and improve their social status. Adopting these values, Margolin used her intellect and ambition along with her femininity and considerable southern charm to win the respect of her classmates, colleagues, bosses, and judges, almost all of whom were men. In her career, she worked with some of the most brilliant legal professionals in America. A graduate of Tulane and Yale Law Schools, Margolin launched her career in the early 1930s when only 2 percent of America's attorneys were female and far fewer were Jewish and from the South. According to Trestman, Margolin worked hard to be treated as one of the boys. For the sake of her career, she eschewed marriage but not romance and valued collegial relationships, never shying from a late night brief writing session or a poker game. But her personal relationships never eclipsed her numerous professional accomplishments, among them defending the constitutionality of the New Deal's Tennessee Valley Authority, drafting rules establishing the American military tribunals for Nazi war crimes in Nuremberg, and on behalf of the Labor Department, shepherding through the courts the child labor minimum wage and overtime protections of the Fair Labor Standards Act of 1938. A founding member of that National Organization for Women, Margolin culminated her government service as a champion of the Equal Pay Act, arguing and winning the first appeals. Margolin's passion for her work and focus on meticulous preparation resulted in an outstanding record in appellate advocacy, both in number of cases and rate of success. By prevailing in 21 of her 24 Supreme Court arguments, Margolin shares the elite company of only a few dozen women and men who attained such high standing as Supreme Court advocates.

*Hollywood Divided* Kevin Bianton, 2016-11-15

On October 22, 1950, the Screen Directors Guild (SDG) gathered for a meeting at the opulent Beverly Hills Hotel. Among the group's leaders were some of the most powerful men in Hollywood: John Ford, Cecil B. DeMille, Joseph L. Mankiewicz, John Huston, Frank Capra, William Wyler, and Rouben Mamoulian. And the issue on the table was nothing less than a vote to dismiss Mankiewicz as the guild's president after he opposed an anticommunist loyalty oath that could have expanded the blacklist. The dramatic events of that evening have become mythic, and the legend has overshadowed the more complex realities of this crucial moment in Hollywood history. In *Hollywood Divided*, Kevin Bianton explores the myths associated with the famous meeting and the real events that they often obscure. He analyzes the lead up to that fateful summit, examining the pressure exerted by the House Un-American Activities Committee. Bianton reveals the internal politics of the SDG, its initial hostile response to the HUAC investigations, the conservative reprisal, and the influence of the oath on the guild and the film industry as a whole. *Hollywood Divided* also assesses the impact of the historical coverage of the meeting on the reputation of the three key players in the drama. Bianton's study is a provocative and revealing revisionist history of the SDG's 1950 meeting and its lasting repercussions on the film

industry as well as the careers of those who participated Hollywood Divided illuminates how both the press and the public's penchant for the exciting story have perpetuated fabrications and inaccurate representations of a turning point for the film industry
