Beam Piper is one of science fiction's most enigmatic writers In 1946 Piper appeared seemingly from out of nowhere already at the top of his form He published a number of memorable short stories in the premier science fiction magazine of the time *Astounding Science Fiction* under legendary editor John W Campbell Piper quickly became friends with many of the top writers of the day including Lester Del Rey Fletcher Pratt Robert Heinlein and L Sprague de Camp Piper also successfully made the turn from promising short story writer to major novelist authoring *Four Day Planet* *Cosmic Computer* *Lord Kalvan of Otherwhen* and *Little Fuzzy* which was nominated for a Hugo award Even those who counted Piper among their friends knew very little about the man or his life as a railroad yard bull in Altoona Pennsylvania This biography illuminates H Beam Piper both the writer and the man and answers lingering questions about his death Appendices include a number of Piper's personal papers a complete bibliography of Piper's works and an essay on Piper's *Terro Human Future History* series
