The Hawke Ascendancy A Definitive Account Of Its Origins And Climax 1975 1983:

The Hawke ascendancy Paul Kelly, 1984 **The Eighties** Frank Bongiorno, 2017-01-12 Winner of the ACT Book of the Year Award Shortlisted for the Ernest Scott Prize and CHASS Australia Prize It was the era of Hawke and Keating Kylie and INXS the America's Cup and the Bicentenary It was perhaps the most controversial decade in Australian history with high flying entrepreneurs booming and busting torrid debates over land rights and immigration the advent of AIDS a harsh recession and the rise of the New Right It was a time when Australians fought for social change on union picket lines at rallies for women's rights and against nuclear weapons and as part of a new environmental movement And then there were the events that left many scratching their heads Joh for Canberra the Australia Card Cliff Young In The Eighties Frank Bongiorno brings all this and more to life He sheds new light on both the ordinary and extraordinary things that happened to Australia and Australians during this liveliest of decades The definitive account of an inspired infuriating decade George Megalogenis A very impressive achievement The Monthly Meaty and entertaining The Australian **The Hawke Legacy** Gerry Bloustien, Barbara Comber, Alison Mackinnon, 2009 Bob Hawke was a popular and effective Prime Minister whose economic and social reforms are acknowledged to have shaped modern Australia The book offers a timely look at the legacy of the Hawke era 1983 1991 by considering both the achievements of his ministry and what remains as unfinished business The Hawke Legacy includes interviews with Bob Hawke with his former speechwriter Graeme Freudenberg and with former Senator Rosemary Crowley contributions from two former members of the Hawke Government and scholarly accounts from historical political economic educational and Indigenous perspectives How Power Changes Hands J. Uhr, 2011-01-27 How can we strengthen the capacity of governments and parties to manage arrivals and departures at the top Democracy requires reliable processes for the transfer of power from one generation of leaders to the next This book introduces new analytical frameworks and presents the latest empirical evidence from comparative political research *Religion and The Transformation of Capitalism* Richard H. Roberts, 2012-10-02 This book addresses from a socio scientific standpoint the interaction of religions and forms of contemporary capitalism Contributors explore a wide range of interactions between economic systems and their socio cultural contexts **The Australian Study of Politics** R. Rhodes, 2009-11-11 The Australian Study of Politics provides the first comprehensive reference book on the history of the study of politics in Australia whether described as political studies or political science It focuses on Australia and on developments since WWII also exploring the historical roots of each major subfield **Rethinking Governance** Stephen Bell, Andrew Hindmoor, 2009-07-13 Several problems plague contemporary thinking about governance From the multiple definitions that are often vague and confusing to the assumption that governance strategies networks and markets represent attempts by weakening states to maintain control Rethinking Governance questions this view and seeks to clarify how we understand governance Arguing that it is best understood as the strategies used by governments to help govern the authors counter the

view that governments have been decentred They show that far from receding states are in fact enhancing their capacity to govern by developing closer ties with non government sectors Identifying five modes of government governance through hierarchy persuasion markets and contracts community engagement and network associations Stephen Bell and Andrew Hindmoor use practical examples to explore the strengths and limitations of each In so doing they demonstrate how modern states are using a mixture of governance modes to address specific policy problems This book demonstrates why the argument that states are being hollowed out is overblown

Power Of Speech James Curran, 2014-07-18 The subjects of this book are five fascinating prime ministers Gough Whitlam Malcolm Fraser Bob Hawke Paul Keating and John Howard and how they view Australia Until the 1960s our nation believed itself to be British Then during a decade of momentous change this concept of our national identity collapsed It was buried by the forces of cultural and political renewal by disturbing and exciting developments in Asia and by a dawning recognition that the global era of colonial power was over The result was a crisis of national meaning reflected in public debates about multiculturalism Australia's relationships with its Asian neighbours the dispossession of indigenous Australians and the nation's involvement in war In recent years our political leaders have played a conspicuous role in the controversy In *The Power of Speech* James Curran explores the end of the idea of British Australia and how successive prime ministers have attempted to assert personal and often competing visions of Australian nationalism in its place This highly original study of prime ministerial rhetoric exposes the sources of our most powerful leaders' beliefs about Australia

Adam Smith's Islands John C. Weaver, 2025-04-01 Many developed countries restructured relations between state and economy from the late 1970s into the 1990s Among them New Zealand went far fast and left a clear trail making it possible to study economic restructuring as it occurred with all the debates uncertainty surprises mistakes and accomplishments this entailed *Adam Smith's Islands* reveals the inside life of a government determined to revolutionize its nation's politics and economy While the 1980s economic restructuring of members of the Organisation for Economic Co operation and Development and former Warsaw Pact countries can seem like a foregone conclusion from the vantage point of the twenty first century John Weaver examines how local and global institutions had to come together to implement social adjustments in New Zealand Mounting evidence that the state had not functioned as an effective manager split the business community and primary producers between defenders of subsidization and free market insurgents Reforms undertaken by the governing Labour Party included abandoning currency controls privatizing state run businesses ending a multitude of open and disguised subsidies tightening fiscal responsibility and reforming taxation *Adam Smith's Islands* focuses on the verifiable direct primary sources from dozens of state collections and deposits of personal papers The archival cornucopia informing this history supports a narrative that has little in common with intellectual histories of neoliberalism To understand how the relationship between the economy and the state changed we need to grasp how and why core institutions practices and cultural beliefs shed some of their once potent legitimacy Through the lens of

New Zealand Adam Smith's Islands examines larger questions about policy dilemmas the global flow of capital and the sustainability of social adjustments in economic restructuring In so doing it casts new light on the formation and history of what is casually labelled today as the neoliberal state Australian Politics in the Twenty-First Century Glenn Kefford, Hannah Murphy-Gregory, Ian Ward, Stewart Jackson, Lloyd Cox, Andrea Carson, 2018-09-20 Australian Politics in the Twenty First Century presents the many moving parts of Australia's political system from an institutional perspective It equips students with the requisite foundational knowledge and encourages them to critically examine the complex interplay between a centuries old system and a diverse modern Australian society **The Hawke Memoirs** Bob Hawke, 1994 *Too Soon Too Late* Meaghan Morris, 1998-08-22 Author Meaghan Morris asks how feminist culture critics can participate in political struggles about history Questioning both contemporary cultural theory that imagines a world beyond history and feminist approaches to culture that minimize questions of economy class and nation Morris argues that history created by popular culture is never truly national in scale or force 11 photos *Crisis? What crisis?* John Shepherd, 2016-05-16 Over thirty years later the winter of discontent of 1978-79 still resonates in British politics On 22 January 1979 1.5 million workers were on strike Industrial unrest swept Britain in an Arctic winter Militant shop stewards blocked medical supplies to hospitals mountains of rubbish remained uncollected striking road hauliers threatened to bring the country to a standstill even the dead were left unburied Within weeks the beleaguered Callaghan Labour government fell from power In the 1979 general election Margaret Thatcher became Prime Minister beginning eighteen years of unbroken Conservative rule Based on a wide range of newly available historical sources and key interviews this full length account breaks new ground analysing the origins character and impact of a turbulent period of industrial unrest This important study will appeal to all those interested in contemporary history and British politics **Morrison's Miracle** Anika Gauja, Marian Sawyer, Marian Simms, 2020-07-01 This book the 17th in the federal election series and the ninth sponsored by the Academy of the Social Sciences in Australia provides a comprehensive account of the 2019 Australian election which resulted in the surprise victory of the Coalition under Scott Morrison It brings together 36 contributors who analyse voter behaviour campaign strategies regional variations polling ideology media and the new importance of memes and digital campaigning Morrison's victory underlined the continuing trend toward the personalisation of politics and the loss of trust in political institutions both in Australia and across western democracies Morrison's Miracle is indispensable for understanding the May 2019 Coalition victory which surprised many observers and confounded pollsters and political pundits Chinese Immigration and Australian Politics Jia Gao, 2020-07-14 This book analyses how an increasing number of new Chinese migrants have integrated into Australian society and added a new dimension to Australian domestic politics as a result of Australia's merit based immigration system and its shift towards Asia These policies have helped Australia sustain its growth without a recession for decades but have also slowly changed established patterns in the distribution of job opportunities wealth and

political influence in the country These transformations have recently triggered a strong Sinophobic campaign in Australia the most disturbing aspect of which is the denial of the successful integration of Chinese migrants into Australian society Based on evidence gathered through a longitudinal study of Chinese migrants in Australia this book examines the misconceptions troubling Australia s current China debate from six important but overlooked perspectives ranging from migration policy changes economic factors grassroots responses the role of major political parties community activism to knowledge issues The Handbook of Election News Coverage Around the World Jesper Strömbäck, Lynda Lee

Kaid, 2009-09-10 The Handbook of Election Coverage Around the World focuses on the news coverage of national elections in democracies around the globe It brings together and compares election news coverage within a single framework offering a systematic consideration of various factors Considering the prominence and power of the press in the election process this volume will offer unique breadth in its global consideration of the topic The volume will appeal to scholars in political communication political science mass media and society and others studying elections and media coverage around the world

Australia's Foreign Aid Dilemma Jack Corbett, 2017-03-16 The Australian aid program faces a fundamental dilemma how in the absence of deep popular support should it generate the political legitimacy required to safeguard its budget and administering institution Australia s Foreign Aid Dilemma tells the story of the actors who have grappled with this question over 40 years It draws on extensive interviews and archival material to uncover how court politics shapes both aid policy and administration The lesson for scholars and practitioners is that any holistic understanding of the development enterprise must account for the complex relationship between the aid program of individual governments and the domestic political and bureaucratic contexts in which it is embedded If the way funding is administered shapes development outcomes then understanding the court politics of aid matters This comprehensive text will be of considerable interest to scholars and students of politics and foreign policy as well as development professionals in Australia and across the world

Developments in Australian Politics Judith Brett, James A. Gillespie, Murray Goot, 1994 Written for university students and the general reader An examination of Australian politics in the last 15 years and the changes in ideology executive and political institutions and policies in all areas including economic ethnic immigration unions social welfare foreign affairs media the environment censorship and sexual politics The editors are lecturers in politics at La Trobe and Macquarie Universities and the 17 contributors include John Ravenhill Uldis Ozolin and Tim Rowse With subject and author indexes and 38 page bibliography *Talking Politics* A. W. Sparkes, 2006-06-19 Talking Politics is a philosophical examination of some of the basic concepts of political discourse Its primary focus is on the ordinary on what is said by politicians in newspapers and by people in pubs rather than on the works of political theorists This is a work of but not on political theory Talking Politics is Invaluable as a source of reference for students and contains a detailed index Arranged thematically around topics such as Nation Each entry has copious cross references and suggestions for further reading A W Sparkes is uniquely qualified to

write such a book combining some thirty years teaching as a philosopher with wide experience of and a life long fascination with politics His attitude is that of a critical but uncynical observer **Mythologies of Change and Certainty in Late-20th Century Australia** Greg Bailey, 2000
