If you meet George Herbert on the road, kill him Justin Lewis-Anthony,2013-01-17 Priestly ministry in the Church of England needs a radical rethink George Herbert died in 1633 His legacy continues His poems are read and sung and his parish ministry remains the model for the Church of England s understanding of how and where and why its priests should minister But there is a problem The memory of Herbert celebrated by the Church is an inaccurate one and in its inaccuracy is unfair on Herbert himself and his successors in the ordained ministry This is a book of the long view It sets out to assess realistically the context of Herbert s life and to explore the difficulties of parish life today By examining the status and role of parish clergy since Herbert s time and today it draws on the work of historians social anthropologists psychologists and theologians and presents their ideas in a readable and passionate style It argues that the future strength of parochial ministry will be found in a recovery of historic renewed understandings of priestly ministry and concludes by outlining more sustainable patterns of practice for the future In a climate of uncertainty for the future of the church it will be an encouragement for priest and people and welcomed by both

Biblical Foundations for the Role of Healing in Evangelization

Mathias D. Thelen, 2017-12-07 It is almost undeniable that God is working miracles of healing in evangelization today For theologians pastors and evangelists some questions arise What is the relationship between physical healing and the message of salvation Should the church really expect God to do healings in evangelization today Father Thelen answers these questions by examining the relationship between the preaching of the gospel and physical healing in the New Testament The gospel of Jesus Christ is not simply a message of fact it is a message of power that is often expressed through the working of deeds that serve as signs of the reality preached salvation As signs of the kingdom healings that accompany the preaching of the gospel play an indispensable role in bringing people to faith throughout the New Testament The result of this biblical study is a clarion call for the church to renew its faith in God's desire and power to confirm his word through healing As healing becomes more accepted and frequent in evangelization a Catholic biblical and theological approach to healing as it relates to evangelization an approach that can be different from its Protestant counterpart is necessary This modest book fits this need
