**Barbecue Cookbook: 140 Of The Best Ever Healthy Vegetarian Barbecue Recipes Book...Revealed!** Samantha Michaels, 2013-08-27 Just because you're trying to lose weight doesn't mean you actually need to give up your favorite foods It also doesn't mean when summer is here you only need to eat salads or steamed fish Did you know when trying to lose weight eating meals cooked on a barbecue can help you to achieve your goals Most people when the words barbecue are said will immediately think of warm summer evenings enjoying great food and drink with their friends and family However by choosing to barbecue their food they are actually making a subconscious decision to eat more healthily Through barbecuing you'll find yourself actually eating less fat This is because when you choose to cook meat or fish on a barbecue you only need to provide a light coating of oil to prevent it from sticking to the grill Another reason why barbecuing food is much better for you when losing weight is it has a much lower calorie count So of course the fewer calories being consumed means you won't have to burn off so many when exercising Yet you'll still find you can still eat the same amount of food As well as helping to reduce the amount of calories and fat you consume by grilling food on a barbecue you are actually reducing the chances of

heavy dishes It was a pleasant surprise to see everyone going back for seconds Another standout recipe is the grilled salmon with a citrus glaze I've always loved salmon but grilling it takes it to another level The glaze made from fresh orange juice and a hint of honey caramelizes beautifully giving the fish a sweet and tangy flavor that pairs perfectly with a side of quinoa salad I often make this dish when I want to impress guests and it never fails to wow them Of course it's not just about the main courses I've discovered that there are countless ways to elevate side dishes and even desserts on the grill Grilled peaches for instance are a revelation A little bit of honey drizzled over them and a sprinkle of cinnamon and you have a simple yet decadent dessert that feels indulgent without the guilt One thing I've learned through my journey of healthy barbecuing is the importance of using quality ingredients Sourcing fresh local produce not only enhances the flavors but also supports local farmers I often visit farmers markets where I can chat with vendors and find inspiration for my next barbecue As I explore these recipes I find myself experimenting more in the kitchen Sometimes I make mistakes like the time I accidentally burned a batch of sweet potatoes But those little mishaps are part of the journey and they often lead to new discoveries Incorporating healthy barbecuing into my life has not only improved my diet but has also become a way to connect with others Whether it's a casual get together or a special occasion there's something magical about gathering around the grill It's a chance to share stories laughter and of course delicious food So if you're looking to spice up your barbecuing game I encourage you to dive into the world of healthy grilling With so many recipes to choose from there's something for everyone You might just find a new favorite dish that will make your summer gatherings unforgettable Happy grilling
