The Master of Warlock A Virginia War Story 1903 by George Cary Eggleston The road was a winding twisting track as it threaded its way through a stretch of old field pines The land was nearly level at that point and quite unobstructed so that there was not the slightest reason that ordinary intelligence could discover for the roadway s devious wanderings It might just as well have run straight through the pine lands But in Virginia people were never in a hurry They had all of leisure that well settled and perfectly self satisfied ways of life could bring to a people whose chief concern it was to live uprightly and happily in that state of existence into which it had pleased God to call them What difference could it make to a people so minded whether the journey to the Court house the centre and seat of county activities of all kinds were a mile or two longer or shorter by reason of meaningless curves in the road or by reason of a lack of them

people so minded whether the journey to the Court house the centre and seat of county activities of all kinds were a mile or two longer or shorter by reason of meaningless curves in the road or by reason of a lack of them Why should they bother to straighten out road windings that had the authority of long use for their being And why should the well fed negro drivers of family carriages shake themselves out of their customary and comfortable naps in order to drive more directly across the pine land when the horses if left to themselves would placidly follow the traditional track The crookedness of the road was a fact and Virginians of that time always accepted and respected facts to which they had been long accustomed For that sufficient reason Baillie Pegram the young master of Warlock was not thinking of the road at all but accepting it as he did the greenery of the trees and the bursting of the buds as he jogged along at a dog trot on that fine April morning in the year of our Lord 1861 He was well mounted upon a mettlesome sorrel mare a mare with pronounced ideas of her own The young man had taught her to bend these somewhat to his will but her individuality was not yet so far subdued or suppressed as to lose itself in that of her master So she suddenly halted and vigorously snorted as she came within sight of the little bridge over Dogwood Branch where a horse and a young gentlewoman were obviously in trouble I name the horse and the girl in that ungallant reverse order because that was the order in which they revealed themselves to the mare and her master For the girl was on the farther side of the horse and stooping so that she could not be seen at a first glance As she heard approaching hoof beats she straightened herself into that dignity of demeanour which every young Virginia gentlewoman felt it to be her supreme duty in life to maintain under any and all circumstances
