The Politics Of Lying Government Deception Secrecy And Power:

The Politics of Lying David Wise, 1973-01-01 *The Politics of Lying* L. Cliffe, M. Ramsay, D. Bartlett, 2000-03-17 This book provides the first attempt to synthesise what is a pervasive phenomenon and one that is mentioned tangentially in many political analyses but nowhere receives the systematic and theoretical treatment that its significance to the working of democratic political practice deserves. It will thus be a volume that should interest a range of scholars in government and political theory in comparative politics and communications.

Government Secrecy Jan Goldman Ph.D., Susan Maret, 2008-12-30 *Government Secrecy* presents the best that has been thought and written on the subject including history and philosophy, theory and practice, justification and critique. Through readings which range from Georg Simmel on secrecy and Max Weber on bureaucracy and secret keeping to post 9/11 concerns regarding freedom of information and presidential secrecy, it enables readers to explore the issues and questions that surround the government's right to keep necessary secrets or not. This collection and the diverse perspectives it represents will engage students and other interested parties in a discussion of the benefits and dangers of government secrecy. The collection is designed to generate questions regarding historical accuracy of government information, information ethics, professional neutrality, ownership of information, public right to information, national security and transparency. The essays explore the criteria and conditions for government secret keeping as well as contributing to public and academic discussion of the role of secrets in democracies.

The ^APolitics of Truth in Polarized America David C. Barker, Elizabeth Suhay, 2021-05-18 This volume provides the first comprehensive empirical examination of the politics of truth, its context, causes and potential correctives. Combining insights from the fields of political science, political theory, communication and psychology, the experts in this volume draw compelling, if sometimes competing, conclusions regarding this rising democratic threat.

Executive Secrecy and Democratic Politics Dorothee Riese, 2023-05-26 This book investigates the parliamentary negotiation of executive secrecy. Parliaments depend on information to fulfil their roles as the people's representatives, legislators and overseers of the executive. However, there are examples of executive secrecy across all policy fields. How then do parliamentary actors try to reconcile secrecy and the normative demands of an open democratic society? This volume analyses parliamentary arguments, conflicts and patterns of agreement around this topic in the case of Germany. Based on two case studies, intelligence agencies' secrecy and Public Private Partnership secrecy, it argues that substantive justifications of secrecy focusing on necessity are highly contested. By contrast, procedural legitimisation of secrecy, namely deciding about it democratically, is crucial. Still, there are inherent limits to the legitimisation of executive secrecy. The book therefore underlines the fragility of secrecy's legitimisation and its need for constant actualisation.

The Captive Press Ted Galen Carpenter, 1995 Crude forms of coercion by the national security bureaucracy are not the only source of danger to a vigorous independent press. An equally serious threat is posed by the government's abuse of the secrecy system to control the flow of information and prevent disclosures that might cast doubt on

the wisdom or morality of current policy Most insidious and corrosive of all is the attempt by officials to entice journalists to be members of the foreign policy team rather than play their proper role as skeptical monitors of government conduct

The Engaged Historian Stefan Berger,2019-04-01 On the surface historical scholarship might seem thoroughly incompatible with political engagement the ideal historian many imagine is a disinterested observer focused exclusively on the past In truth however political action and historical research have been deeply intertwined for as long as the historical profession has existed In this insightful collection practicing historians analyze reflect on and share their experiences of this complex relationship From the influence of historical scholarship on world political leaders to the present day participation of researchers in post conflict societies and the Occupy movement these studies afford distinctive humane and stimulating views on historical practice and practitioners

The Presidents vs. the Press Harold Holzer,2021-08-24 An award winning presidential historian offers an authoritative account of American presidents attacks on our freedom of the press including a new foreword chronicling the end of the Trump presidency The FAKE NEWS media Donald Trump has tweeted is not my enemy it is the enemy of the American People Has our free press ever faced as great a threat Perhaps not but the tension between presidents and journalists is as old as the republic itself Every president has been convinced of his own honesty and transparency every reporter who has covered the White House beat has believed with equal fervency that his or her journalistic rigor protects the country from danger Our first president George Washington was also the first to grouse about his treatment in the newspapers although he kept his complaints private Subsequent chiefs like John Adams Abraham Lincoln Woodrow Wilson and Barack Obama were not so reticent going so far as to wield executive power to overturn press freedoms and even to prosecute journalists Theodore Roosevelt was the first president to actively manage the stable of reporters who followed him doling out information steering coverage and squashing stories that interfered with his agenda It was a strategy that galvanized TR s public support but the lesson was lost on Woodrow Wilson who never accepted reporters into his inner circle Franklin Roosevelt transformed media relations forever holding more than a thousand presidential press conferences and harnessing the new power of radio at times bypassing the press altogether John F Kennedy excelled on television and charmed reporters to hide his personal life while Richard Nixon was the first to cast the press as a public enemy From the days of newsprint and pamphlets to the rise of Facebook and Twitter each president has harnessed the media whether intentional or not to imprint his own character on the office In this remarkable new history acclaimed scholar Harold Holzer examines the dual rise of the American presidency and the media that shaped it From Washington to Trump he chronicles the disputes and distrust between these core institutions that define the United States of America revealing that the essence of their confrontation is built into the fabric of the nation

A Companion to Richard M. Nixon Melvin Small,2013-05-03 This companion offers an overview of Richard M Nixon s life presidency and legacy as well as a detailed look at the evolution and current state of Nixon scholarship Examines the central arguments and scholarly debates that surround his term in office

Explores Nixon's legacy and the historical significance of his years as president Covers the full range of topics from his campaigns for Congress to his career as Vice President to his presidency and Watergate Makes extensive use of the recent paper and electronic releases from the Nixon Presidential Materials Project **J. Edgar Hoover** Curt Gentry, 2011-11-07

The cumulative effect is overwhelming Eleanor Roosevelt was right Hoover's FBI was an American gestapo Newsweek

Shocking grim frightening Curt Gentry's masterful portrait of America's top policeman is a unique political biography From more than 300 interviews and over 100 000 pages of previously classified documents Gentry reveals exactly how a paranoid director created the fraudulent myth of an invincible incorruptible FBI For almost fifty years Hoover held virtually unchecked public power manipulating every president from Franklin D Roosevelt to Richard Nixon He kept extensive blackmail files and used illegal wiretaps and hidden microphones to destroy anyone who opposed him The book reveals how Hoover helped create McCarthyism blackmailed the Kennedy brothers and influenced the Supreme Court how he retarded the civil rights movement and forged connections with mobsters as well as insight into the Watergate scandal and what part he played in the investigations of President John F Kennedy and Martin Luther King Jr

The Politics Of Lying Government Deception Secrecy And Power Book Review: Unveiling the Power of Words
