Museum of Art, 1972 **Ansel Adams** Ansel Adams, 1992 Ansel Adams is best known for a series of photographs he produced of America's natural heritage known collectively as the National Park Service Photographs representative examples of which are reproduced here This assignment was especially commissioned in 1941 by Harold Ickes of the United States Department of the Interior and the aim was to record for posterity areas that had been designated national parks as well as portraying the Native American homelands and other monuments and areas of reclamation of the great American wilderness These would also be used as photo murals to decorate the walls of the Department of the Interior Ickes was already familiar with Ansel's work having seen detailed studies of leaves and ferns which featured in an exhibition of 1936 Indeed he liked them so much that he hung one in his own office He eventually made Ansel's acquaintance when the photographer came to lobby Congress seeking to have Kings River Canyon California designated a national park Originally only painted murals by established artists were thought suitable for inclusion in the Mural Project as it came to be known as photography had yet to be considered worthy of being regarded as an art form rather than a way of recording or documenting reality but Ickes was convinced that Ansel's work was artistically valid and would make its own inimitable contribution to the scheme The collection of works commissioned in 1941 was intermixed with earlier studies of the Kings Canyon area dating back to 1936 and these and the new prints were offered as part of the commission The photographs are a pictorial testament to the majesty of the American West captured with technical accuracy and imbued with sheer inventiveness and a deep empathy for the regions which Ansel sought to protect and maintain intact They range from rivers and canyons close ups of plant life Native American villages and their inhabitants the mysterious and enigmatic underworld of the Carlsbad Caverns and the geysers and twisted forms of Yellowstone National Park Together they offer a visual feast and a source of delight and nourishment for the spirit **Ansel Adams Portfolio V.** Ansel Adams, Nancy Wynne Newhall, 1970 **Ansel Adams** Mary Street Alinder, 2014-11-04 Traces the life and career of Ansel Adams including his childhood in San Francisco his marriage and affairs his relationship with the Native Americans of Yosemite and the influences on his photography and painting of western landscapes **Through Their Own Eyes** Richard Andrews, Estelle Jussim, Diana Emery Hulick, 1991 *Ansel Adams and the American Landscape* Jonathan Spaulding, 1995 Spaulding provides a full biography and a critical analysis of the work of the man who introduced the general public to photography as art
