illuminates the inner workings of high politics Laird s behind the scenes sparring with Kissinger over policy his decisions to ignore Nixon s wilder directives his formative impact on arms control and health care his key role in the selection of Ford for vice president his frustration with the country s abandonment of Vietnamization and in later years his unheeded warning to Donald Rumsfeld that it s a helluva lot easier to get into a war than to get out of one Best Books for Regional Special Interests selected by the American Association of School Librarians and Best Books for Special Interests selected by the Public Library Association
