Peter Longley

The Astral Journey:

Astral Travelling Alfred Ballabene, 2018-10-09 Astral travel or astral projection abbreviated OBE out of body experience means travelling through subtle planes. It does not really matter if it is doubted that this possibility exists; what is important is that these experiences are highly exciting and allow us to grow inside as a person. With a perceptible and visible body we experience an unknown environment that seems to be as real as the physical world. Sometimes we are even more awake and we experience everything with more intensity than in everyday life. We step into a world full of wonder and beauty. In this we are not simply passive observers but instead we are able to knock on someone's door to go in and speak with the people who live there. Through astral travel my inner life has been enriched enormously. In repeated experiences on the astral plane encounters with deceased and highly evolved beings I could strengthen my own belief in a world beyond and in afterlife. Life has gained a deeper meaning; it is not only for short-lived pleasure and fun. Instead, higher goals are pursued and it becomes possible to evolve as a person. This book presents and explains different phenomena and methods of astral travelling. It also contains considerations on lucid dreaming vs astral travelling. People who are studying the phenomena of astral travelling will find plenty of information here.

Astral Projection: A Complete Guide to Exploring Nonphysical Reality (The Complete Guide for Beginners on Astral Projection, and How to Travel the Astral Plane) Luis Edwards, 2011-01-01 Do you want to unlock your inherent psychic abilities and discover more ways to improve yourself and get in tune with your higher self? If you answered yes to any of these questions then this book is for you. Part one of this book provides examples of astral projection experiences focusing particularly on how to achieve practical success and showing you how to project out of your physical form to explore the universe at will. Inside you will discover Lucid dreaming mastery, proven methods to recognize dream states, increase awareness and take control of your dream world. Astral projection techniques, step by step practices for safe and profound out of body experiences, sleep psychology insights, scientific explanations of brainwave patterns, REM cycles and the neurological basis of altered states. Consciousness exploration tools to expand awareness, deepen meditation and explore the boundaries of reality. Practical applications use lucid dreaming and astral travel for creativity, problem solving, self-discovery and spiritual growth. Are you dreaming of experiencing astral projection? Does the idea of consciously leaving your physical body to explore the astral world and ours fascinate you? Then this 100% practical guide is made for you. In this book designed for beginners you will find a simple 8-step method. Simply follow the guide and get ready for the adventure.
