Schrager,2005-10-13 What started out a half century ago to be a chase down historys trail to discover the origin of a silver sculpture of a man and his dog plasticized around a copper armature turned out to be a chase of the history of mankind itself The writer has brought to light of day a reasoned documented analysis of the unbroken chain of seemingly isolated facts obscure data and wove them into a tapestry or painted a word picture of where man has been The quest for the man the sculptor and his culture became a time traveled beyond the normal bounds of inquiry
