Black Lives in the English Archives, 1500-1677 Imtiaz H. Habib, 2008 Containing an urgently needed archival database of historical evidence this

volume includes both a consolidated presentation of the documentary records of black people in Tudor and Stuart England and an interpretive narrative that confirms and significantly extends the insights of current theoretical excursus on race in early modern England The systematic chronological descriptive index combined with the interpretive scholarship provides a strong framework from which future historical debates on race in early modern England can proceed **Legacy** Horace

Cheeves, Denise Nicole Cheeves, 2004 Legacy is about loss of inheritance and what we can do to reclaim it The introduction summarizes the psychological tyranny inflicted on Africans and their descendants over the course of enslavement and Jim Crow Legacy brings the past into the present with the story of Jeff Carter a Black man born during slavery who by 1916 acquired over 800 acres of mineral rich land in the Middle District of Georgia In this particular region a mineral known as chalk to the locals has produced a multi billion dollar foreign owned and operated industry Kaolin as it is officially known is predominately used in the paper and paint industries National Geographic is about 30% kaolin but is also used as a filler in ceramics cosmetics medicine rubber toothpaste etc The majority of the mineral laden land is owned by Black farmers who have seen very little if any of the profits garnered from their land Ninety nine 99 year mineral leases and outright theft have kept these farmers from reaping any amount of the wealth The heirs of Jeff Carter are one such family who were brutally evicted from their 800 acre estate in 1950 In 1980 after many failed attempts to reclaim their estate they were solicited by kaolin industry agents and attorneys who represented the family who stole their land The heirs of Jeff Carter are not unique in their story of land loss The quantity of land that Black farmers have lost in the last one hundred years alone is staggering One of the most detrimental legacies of enslavement and Jim Crow is the challenge of passing an inheritance on to our children As a result subsequent generations have to reinvent the wheel because they have neither the business nor the finances to pick up where there ancestors left off In recent years a settlement was to be made to the descendants of the Rosewood massacre in Florida but each alleged descendant was required to prove their ancestry For this reason we encourage all people of color to research their family s genealogy We dedicate an entire chapter to beginning this process Uncovering our family history is a pivotal step in healing from centuries of psychological economic and physical rape If for no other reason our children should know something about the ancestors they are a legacy of **Catalogue Of The Books On The History, Geography, And Of The Philology Of America, Australasia, Asia, Africa.** Bernard Quaritch., 1886

Studies of Skin Color in the Early Royal Society Cristina

Malcolmson,2016-04-01 Arguing that the early Royal Society moved science toward racialization by giving skin color a new prominence as an object of experiment and observation Cristina Malcolmson provides the first book length examination of studies of skin color in the Society She also brings new light to the relationship between early modern literature science and the establishment of scientific racism in the nineteenth century Malcolmson demonstrates how unstable the idea of race remained in England at the end of the seventeenth century and yet how extensively the intertwined institutions of government colonialism the slave trade and science were collaborating to usher it into public view Malcolmson places the genre of the voyage to the moon in the context of early modern discourses about human difference and argues that Cavendish s *Blazing World* and Swift s *Gulliver s Travels* satirize the Society s emphasis on skin color

The Popes, the Catholic Church and the Transatlantic Enslavement of Black Africans 1418-1839

Pius Onyemechi Adiele,2017-09-01 Mehr als 400 Jahre lang erlitten schwarzafrikanische M nner Frauen und Kinder w hrend des transatlantischen Sklavenhandels schlimmste Formen der Versklavung und Erniedrigung durch Katholiken und das westliche Christentum Damals wie heute glaubte niemand an die tiefe Verwicklung der Kirche und des Papsttums in den schwarzafrikanischen Holocaust Trotz j ngster Behauptungen des p pstlichen Officiums in Rom wonach die P pste jegliche Form von Sklaverei verurteilten so auch im Falle der Versklavung von Schwarzafrikanern verweisen neuere Studien innerhalb dieses Forschungsfeldes auf das Gegenteil Die Kirche und die P pste nahmen vielmehr zentrale Rollen in diesem schlimmsten Verbrechen gegen die Schwarzafrikaner seit Beginn der schriftlichen Dokumentation ein Mithilfe zahlreicher p pstlicher Bullen aus den Geheimarchiven des Vatikans und einer Vielzahl an k niglichen Dokumenten aus dem portugiesischen Nationalarchiv in Lissabon strebt der vorliegende Band eine kritische und analytische Untersuchung dieses Aspekts des transatlantischen Sklavenhandels an der ber so viele Jahre von den westlichen Historikern und Gelehrten verschleiert wurde For over 400 years Black African men women and children suffered the worst type of enslavement and humiliation from the hands of Catholics and other Western Christians during the transatlantic slave trade Before now no one could ever believe that the Popes of the Church were deeply involved in this Holocaust against Black African people Despite the claims made by the hallowed papal office in Rome in recent years that the Popes condemned the enslavement of peoples wherever it existed including that of Black Africans recent researches in these fields of study have proved the contrary to be true The Church and her Popes were rather among the major role players in this worst crime against Black Africans in recorded history With the help of a considerable number of papal Bulls from the Vatican Secret Archives and a great amount

of Royal documents from the Portuguese National Archives in Lisbon the present book is aiming to undertake a critical and analytical inquiry of this aspect of the transatlantic slavery that has been kept in the dark for so many years by the Western historians and scholars The results of this studious but fruitful academic inquiry are laid bare in this notable work of the 21st century Pius Onyemechi Adiele is a Catholic priest of Ahiara Diocese Mbaise and an alumnus of Seat of Wisdom Seminary Owerri and Bigard Memorial Seminary Enugu in Nigeria He obtained his licentiate in Theology from the famous University of Münster and his doctoral degree in Church History from the renowned University of Tübingen in Germany At present he is a research fellow in the areas of African Church History and Enslavement of peoples as well as the pastor in charge of the merged parishes of Lauchheim Westhausen Lippach Röttingen and Hülen in Germany

Freedom's Debt William A. Pettigrew, 2013-12-30 In the years following the Glorious Revolution independent slave traders challenged the charter of the Royal African Company by asserting their natural rights as Britons to trade freely in enslaved Africans In this comprehensive history of the rise and fall of the RAC William A Pettigrew grounds the transatlantic slave trade in politics not economic forces analyzing the ideological arguments of the RAC and its opponents in Parliament and in public debate Ultimately Pettigrew powerfully reasons that freedom became the rallying cry for those who wished to participate in the slave trade and therefore bolstered the expansion of the largest intercontinental forced migration in history Unlike previous histories of the RAC Pettigrew's study pursues the Company's story beyond the trade's complete deregulation in 1712 to its demise in 1752 Opening the trade led to its escalation which provided a reliable supply of enslaved Africans to the mainland American colonies thus playing a critical part in entrenching African slavery as the colonies preferred solution to the American problem of labor supply

The Atlantic World D'Maris Coffman, Adrian Leonard, William O'Reilly, 2014-12-05 As the meeting point between Europe colonial America and Africa the history of the Atlantic world is a constantly shifting arena but one which has been a focus of huge and vibrant debate for many years In over thirty chapters all written by experts in the field *The Atlantic World* takes up these debates and gathers together key original scholarship to provide an authoritative survey of this increasingly popular area of world history The book takes a thematic approach to topics including exploration migration and cultural encounters In the first chapters scholars examine the interactions between groups which converged in the Atlantic world such as slaves European migrants and Native Americans The volume then considers questions such as finance money and commerce in the Atlantic world as well as warfare government and religion The collection closes with chapters examining how ideas circulated across and around the Atlantic and beyond It presents the Atlantic as a shared space in which commodities and ideas were exchanged and traded and examines the impact that these exchanges had on both people and places Including an introductory essay from the editors which defines the field and lavishly illustrated with paintings drawings and maps this accessible volume is invaluable reading for all students and scholars of this broad sweep of world history

Foul Means Anthony S. Parent Jr., 2012-12-01

Challenging the generally accepted belief that the introduction of racial slavery to America was an unplanned consequence of a scarce labor market Anthony Parent Jr contends that during a brief period spanning the late seventeenth and early eighteenth centuries a small but powerful planter class acting to further its emerging economic interests intentionally brought racial slavery to Virginia Parent bases his argument on three historical developments the expropriation of Powhatan lands the switch from indentured to slave labor and the burgeoning tobacco trade He argues that these were the result of calculated moves on the part of an emerging great planter class seeking to consolidate power through large landholdings and the labor to make them productive To preserve their economic and social gains this planter class inscribed racial slavery into law The ensuing racial and class tensions led elite planters to mythologize their position as gentlemen of pastoral virtue immune to competition and corruption To further this benevolent image they implemented a plan to Christianize slaves and thereby render them submissive According to Parent by the 1720s the Virginia gentry projected a distinctive cultural ethos that buffered them from their uncertain hold on authority threatened both by rising imperial control and by black resistance which exploded in the Chesapeake Rebellion of 1730 *Catalogue of Printed Books* British Museum, **Mastering the Worst of Trades** Julie M. Svalastog,2021-02-15 This book investigates the Guinea Company and its members aiming to understand the genealogy of several major changes taking place in the English Atlantic and in the Anglo Africa trade in the seventeenth century and beyond Little attention has been paid to the companies that preceded the Royal African Company launched in 1672 and by presenting the Guinea Company the earliest of England s chartered Africa companies and its relationship with the influential men who became its members this book questions the inevitability of the Atlantic reality of the later seventeenth and eighteenth centuries Through its members the Guinea Company emerged as a purpose built structure with the ability to weather a volatile trade undergoing fundamental change [Cloth Seals: An Illustrated Guide to the Identification of Lead Seals Attached to Cloth](#) Stuart F.
