

The Con Game

"The wise look ahead to see what is coming, but fools
despise themselves. Fools seek the sign of gold, but the guilty
acknowledge it and seek redemption."
Each hour brings its own burdens, and we can also learn to
share the joy.

The beauty of the world will provide, but the heart of the guilty
will betray.

There is a path before each person that seems right, but it
leads to death."

Proverbs 14:8-12 / The Life Recovery Bible

Con Game Lionel S. Lewis, 2017-07-28 Bernard Madoff's financial fraud was global an enormous amount of money was involved and thousands of people and hundreds of institutions were swindled Madoff's con game was a Ponzi scheme an investment that pays returns to early investors from money acquired from subsequent investors This case study of the Madoff scheme looks at the effects of his crimes on the victims Elements from a theoretical framework put forward by Erving Goffman provide a perspective for understanding the development and the aftermath of Madoff's con For example as Goffman would have put it Madoff's marks were not cooled out Many did not accept the fact that they were victims of a con game and publicly clamored for sympathy restitution and for public officials to share their perspective Inside men ropers outside men and victims are at the core of con games Lionel S Lewis emphasizes that it is important to understand a con game's characteristics so as to grasp how it operates The Madoff fraud includes elements of a variety of con games For a comprehensive study of this economic crime the case study must be seen as part of the broader social system Considerably more is known about the dynamics of con games than about Ponzi schemes and this fact frames this book's approach To better understand what Madoff did who was central in keeping his scheme alive whom he defrauded and how they reacted this work is as invaluable as it is illuminating *Flight of the Maita Book forty two Con*
