The Conquering Wing:

Wings of Fury Robert K. Wilcox, 2010-05-11 They are America's best fighter pilots from the Navy Air Force and Marines Heroes who push the envelope with their machines their bodies and the will to fight and win on their WINGS OF FURY Here these airborne warriors reveal themselves as never before Ride shotgun with TOPGUN pilot Dale Snort Snodgrass as he becomes the first student pilot ever to land an F 14 Tomcat on an aircraft carrier Silver Star winner Rob Graeter recalls a Cold War close call as he flew his F 15 Eagle over Soviet waters almost triggering World War III Feel the adrenaline as Brian Rocky Fitzpatrick remembers test flying the F A 18 Hornet when it suddenly went haywire leaving him with a crippled plane a faulty parachute and a very long way down From the training grounds of Miramar to combat in Vietnam and Desert Storm these are the stories of those who defend our skies and the dramatic evolution of modern air warfare **To Conquer the Air** James Tobin, 2012-06-12 James Tobin award winning author of *Ernie Pyle's War* and *The Man He Became* has penned the definitive account of the inspiring and impassioned race between the Wright brothers and their primary rival Samuel Langley across ten years and two continents to conquer the air For years Wilbur Wright and his younger brother Orville experimented in obscurity supported only by their exceptional family Meanwhile the world watched as Samuel Langley armed with a contract from the US War Department and all the resources of the Smithsonian Institution sought to create the first manned flying machine But while Langley saw flight as a problem of power the Wrights saw a problem of balance Thus their machines took two very different paths Langley's toward oblivion the Wrights toward the heavens though not before facing countless other obstacles With a historian's accuracy and a novelist's eye Tobin has captured an extraordinary moment in history *To Conquer the Air* is itself a heroic achievement **Aristides** Plutarch, 1916 A series of biographies of famous Greek and Roman men arranged in tandem to illuminate their common moral virtues or failings *Wings of the Heart* Pam Handa nee Kochhar, 2013-01-11 The second edition of *Wings of the Heart* celebrates a kaleidoscope of subjects The poems in this book are full of varied thoughts The poet becomes nostalgic sentimental emotional romantic humorous philosophical religious spiritual or even personal according to the mood she finds herself in Once she decides to view life from a particular angle she quickly transforms herself into the person she wishes to portray Sometimes she becomes an idealist and dreamer or a lover sometimes she becomes an exponent of religious and spiritual values Oftentimes she plays the part of a cultural ambassador trying to recapture the rich diversity of our world and giving her readers glimpses of the rich customs traditions and ways of life of the three countries she has lived and worked in Though sometimes she also becomes a teary eyed pessimist more often than not she becomes an optimist full of the zest for life In fact in each poem she dons the required robe of a happy sad optimistic pessimistic loving caring philosophical or dreaming human being with specific thoughts hopes dreams and visions Pam Handa's poems are in the form of traditional verse They are rhythmic soulful and meaningful They describe a panoramic view of the millions of thoughts hopes fears joys achievements failures despair

dejection and rejection we as human beings are bound to face in life In today's crazy commercial world the poems in this book transport us to the good old days when music poetry dance and drama were the wings of the heart and soul They will surely touch the hearts of most of you who still maintain a sentimental side to your characters even in today's materialistic world Readers will surely find these poems close to their hearts They will not only enjoy reading them but will definitely take home some important lesson
