**The Conquest of Fear** Basil King, 1924 The author portrays his own struggle with ill health and eventual spiritual growth

**The Conquest of Fear** Basil King, 2020-08-12 When I say that during most of my conscious life I have been a prey to fears I take it for granted that I am expressing the case of the majority of people I cannot remember the time when a dread of one kind or another was not in the air In childhood it was the fear of going to bed of that mysterious time when regular life was still going on downstairs while I was buried alive under sheets and blankets Later it was the fear of school the first contact of the tender little soul with life's crudeness Later still there was the experience which all of us know of waking in the morning with a feeling of dismay at what we have to do on getting up the obvious duties in which perhaps we have grown stale the things we have neglected those in which we have made mistakes those as to which we have wilfully done wrong those which weary or bore or annoy or discourage us Sometimes there are more serious things still bereavements or frightfully adverse conditions or hardships we never expected brought on us by someone else It is unnecessary to catalogue these situations since we all at times in our lives have to face them daily Fear dogs one of us in one way and another in another but everyone in some way Taken from *The Conquest of Fear* written by Basil King

**The Conquest of Fear - Basil King** Basil King, 2009-12-09 A passage from the book here are many books which give some help to many people There are books which give a set of rules or even one master rule by which to meet the problems of life This is not such a book It suggests no simple recipe for the conquest of fear Instead it presents what all too few of us to day possess a philosophy of life Moreover in contrast to the dominant thinking of our age which is materialistic King's philosophy is spiritual and religious Indeed the ideas in this book are so profoundly different from the commonly accepted ideas of our times that they will come as a shock to many readers One purpose of this introduction is to prepare the reader for such a shock I have said that the dominant thinking of our age is materialistic and by that I mean also physical Let me illustrate this broad statement with reference to the subject of fears alone The conquest of fear has gone on year after year chiefly through physical means

to meet the problems of life This is not such a book It suggests no simple recipe for the conquest of fear Instead it presents what all too few of us to day possess a philosophy of life Moreover in contrast to the dominant thinking of our age which is materialistic King s philosophy is spiritual and religious Indeed the ideas in this book are so profoundly different from the commonly accepted ideas of our times that they will come as a shock to many readers The Conquest of Fear offers such a philosophy not only to individuals suffering from fears peculiar to them but to a world of individuals suffering or about to suffer from the collapse of world wide materialism In this day of chaos and uncertainty here is the modern version of the parable of the man who built his house upon a rock instead of on the sand and the rain descended and the floods came and the winds blew and beat upon that house and it fell not for it was founded upon a rock H C L from the introduction
