The Constables First Family Of The Adirondacks:

Big Moose Lake in the Adirondacks Jane A. Barlow, 2004-06-01 Big Moose Lake in the Adirondacks is the lively and well documented story of the growth of the lake side community made famous by the incident that inspired Theodore Dreiser's *An American Tragedy*. The rich history of the lake unfolds with stories of its early residents hunters and guides Jim Higby Billy Dutton Henry Covey and Bill Dartin the late 1870s of the lake's ownership by William Seward Webb of the construction of the first private camp Club Camp in 1878 and the coming of hotels and resorts beginning in 1880 with the construction of Camp Crag. From a time when a telephone number was a simple 8F6 and the pickle boat brought supplies to camp to more recent stories of exuberant waterskiing and motorboat regattas the book includes a detailed history and descriptions of the camps and resorts on the lake persons and celebrities who made the lake their year round or seasonal home including actress Minnie Maddern Fiske and artist David Milne natural disasters and political events recreation and the work of the Big Moose Property Owners Association. This is the story of Big Moose Lake brought to life by more than 275 family photographs antique postcards and previously unpublished memoirs oral histories diary entries and the personal correspondence of the men and women who settled the area and of those who call it home.

Sketching the Adirondacks Edward I. Pitts, 2025-05-16 In 1851 two aspiring landscape artists Jervis McEntee and Joseph Tubby set out for the Adirondacks on a sketching expedition that would test not only their mettle as artists but as outdoorsmen. Heading into the still rugged wilderness not yet fully explored and sparsely inhabited the two artists ventured across about one hundred seventy miles of terrain sketching what they saw for future painting reference. In *Sketching the Adirondacks* the artists' unique journey is brought to life by author Edward Pitts who drew on McEntee's journal to reimagine the expedition as a series of letters home to friends and family. These fictionalized letters all richly annotated with historical facts and context about the region recount the pair's real adventures and the artistic inspirations that inspired their work as Hudson River School artists. Following their trip McEntee and Tubby were artists first not natural outdoorsmen and the letters describe the challenges they faced as well as many of the famous guides and Adirondack characters who assisted them during the trip. *Sketching the Adirondacks* renders McEntee and Tubby's journey in vivid detail and reveals how their artwork inspired so many others blending a unique creative approach with rigorous historical accuracy.

Adirondack Vernacular Robert Bogdan, 2003-02-01 Henry M. Beach was a prolific and accomplished upstate New York photographer who documented the North Country during the first quarter of the twentieth century. Although much less known and celebrated Beach's work is as important to the twentieth century Adirondacks as Seneca Ray Stoddard's is to the nineteenth century. Illustrated with over 250 examples of his work including ten panoramic foldouts this book covers the range of Beach's subject matter. Robert Bogdan's lively and accessible approach to the photographer's work encourages the reader to explore the North Country's people and places through Beach's photography and life. Although Beach's postcard pictures and other photographs were taken to sell in bulk to hotel managers

tourist shop owners and other retail merchants they are not just mass produced stylized pretty pictures. Beside the bubbling brooks and shady woodland paths are factory boomtowns and paper mills belching pollution. As the rails brought increasing numbers of middle class tourists to the Adirondacks the wealthy created their own exclusive wilderness playground. Beach photographed dandy visitors at play as well as manual laborers sweating in the forest logging camps, factories, mines and construction sites. Images of great camps sit next to modest abodes, small stores and family owned resorts. Pictures of trains in scenic surroundings give way to mangled wrecks after tragic railroad accidents. In addition to standard view cards he produced montages and advertisement postcards, serious visual commentary as well as lighthearted picture play. Beach's best works stir the heart and provoke the imagination and his whimsical down to earth approach to photography produced images that are a treat to the eye.

Beaver River Country Edward I. Pitts, 2022-06-30 Encompassing the lands immediately surrounding the upper reaches of the Beaver River from its headwaters at Lake Lila to Beaver Lake at the settlement of Number Four, Beaver River country is the largest undisturbed tract of forest in the entire northeastern United States. During the nineteenth century it was widely considered to be the very heart of the Adirondacks and was visited by thousands of tourists seeking outdoor recreation. The area boasted a busy railroad station, two grand hotels, an exclusive resort and an elaborate great camp as well as dozens of guides camps and sporting clubs. Pitts traces the generations of people who inhabited the region from the ancestors of the Haudenosaunee to the early European settlers to the vacation communities and seasonal visitors. With each generation Pitts shows how Beaver River country escaped the forces that fragmented and destroyed the wilderness in much of the Northeast. The forest and waters that attracted the early visitors are still there preserved by a combination of happenstance and dedicated effort. Filled with rare vintage photographs, this book is a vivid portrait of this wild region revealing how it came to be and why it survives.

Adirondack Lakes Thomas A. Gates, 2004 The lakes of the Adirondack region are explored in this superb collection of masterful images, most of which are previously unpublished. The photographs in *Adirondack Lakes* were taken by well known and lesser known photographers of the region including Seneca Ray Stoddard, George W. Baldwin, H. T. Hull, Katherine E. McClellan, William Kollecker, William L. Distin and Henry M. Beach. Dating from 1858 to 1948, they are clear, focused, visually engaging and historically significant. They show the men and women who developed the Adirondacks from monied entrepreneurs to manual laborers, from hoteliers to roadside attendants, from vacationers to year round residents, a cast of characters reflecting nearly a century of Adirondack activity.

Rural Indigenisusness Melissa Otis, 2018-12-20 The Adirondacks have been an Indigenous homeland for millennia and the presence of Native people in the region was obvious but not well documented by Europeans who did not venture into the interior between the seventeenth and early nineteenth centuries. Yet by the late nineteenth century historians had scarcely any record of their long lasting and vibrant existence in the area. With *Rural Indigenisusness* Otis shines a light on the rich history of Algonquian and Iroquoian people, offering the first comprehensive study of the relationship between Native

Americans and the Adirondacks While Otis focuses on the nineteenth century she extends her analysis to periods before and after this era revealing both the continuity and change that characterize the relationship over time Otis argues that the landscape was much more than a mere hunting ground for Native residents rather it a location of exchange a space of interaction where the land was woven into the fabric of their lives as an essential source of refuge and survival Drawing upon archival research material culture and oral histories Otis examines the nature of Indigenous populations living in predominantly Euroamerican communities to identify the ways in which some maintained their distinct identity while also making selective adaptations exemplifying the concept of survivance In doing so Rural Indigenousness develops a new conversation in the field of Native American studies that expands our understanding of urban and rural indigeneity **The Constables** Edith Pilcher,1992 John Constable 1728 1785 was a British army surgeon who was sent to Canada in 1754 He settled in Schenectady New York in 1762 He married Jane Kerin in 1749 They had four children Descendants and relatives lived mainly in New York **Environment, Space, Place - Volume 5, Issue 2 (Fall 2013)** C.
