In other words, the work of juror researchers will inform the recommendations and suggestions in the handbook. The volume consists of six sections, each pertaining to a different topic. Multiple chapters with different authors will cover each topic. The topics and corresponding seven sections will be: 1. An Introduction to the Theory and Psychology of Jury Decision Making; 2. Applied Research Methodologies for Trial Consultants; 3. Education and Ethical Considerations for Trial Consultants; 4. Preparing and Cross Examining Witnesses; 5. Technology and Demonstrative Evidence at Trial; and 6. Special Topics in Trial Consulting. Each section will begin with the editors' short introduction reviewing that section and explaining its goals, objectives, and content. Separate individuals recognized as leaders in their areas will write the remaining chapters in each section. These individuals come from the fields of both psychology and law and represent viewpoints on these topics from a practice-oriented perspective but a perspective that is emerges from research results.
