

The Masada Plan

David Baud

The Masada Plan:

Masada Myth Nachman Ben-Yehuda, 1996-01-01 In 73 A D legend has it 960 Jewish rebels under siege in the ancient desert fortress of Masada committed suicide rather than surrender to a Roman legion Recorded in only one historical source the story of Masada was obscure for centuries In *The Masada Myth* Israeli sociologist Nachman Ben Yehuda tracks the process by which Masada became an ideological symbol for the State of Israel the dramatic subject of movies and miniseries a shrine venerated by generations of Zionists and Israeli soldiers and the most profitable tourist attraction in modern Israel Ben Yehuda describes how after nearly 1800 years the long complex and unsubstantiated narrative of Josephus Flavius was edited and augmented in the twentieth century to form a simple and powerful myth of heroism He looks at the ways this new mythical narrative of Masada was created promoted and maintained by pre state Jewish underground organizations the Israeli army archaeological teams mass media youth movements textbooks the tourist industry and the arts He discusses the various organizations and movements that created the Masada experience usually a ritual trek through the Judean desert followed by a climb to the fortress and a dramatic reading of the Masada story and how it changed over decades from a Zionist pilgrimage to a tourist destination Placing the story in a larger historical sociological and psychological context Ben Yehuda draws upon theories of collective memory and mythmaking to analyze Masada s crucial role in the nation building process of modern Israel and the formation of a new Jewish identity An expert on deviance and social control Ben Yehuda looks in particular at how and why a military failure and an enigmatic troubling case of mass suicide in conflict with Judaism s teachings were reconstructed and fabricated as a heroic tale
