Dialogues with Michael Eigen Michael Eigen, 2019-07-22. *Dialogues with Michael Eigen* spans 20 years of diverse interviews and interactions with the acclaimed psychologist Michael Eigen, including interlocutors from Italy, Spain, Portugal, Argentina, Sweden, Israel, and the United States, published together for the first time. This book explores the importance of soul reveries, psychoanalytic prayers, and cultivation of psychoanalytic faith in Eigen's work. The dialogues lay out Eigen's privileging of emotions as messengers in need of recognition as welcoming inner gestures for incubation, enabling a deep vitalizing contact of being with oneself and others. Eigen reminds us that struggling with one's personality remains a life-long task, exposing us to various existential sufferings, agonies, traumas, and losses in need of soul confession, if not analytic prayer. The book seeks to help readers find touch and work with emotional realities a little better and support a growing intimate creative relation to ourselves. The rich explorations of the interviews and interactions with Eigen help contribute to further appreciation of our experiential life and worlds it opens. Building on his work on mind-body-soul connections, *Dialogues with Michael Eigen* is an essential book for anyone interested in the spiritual side of psychoanalysis.

Charles Manson David J. Krajicek, 2019-05-15. Charles Manson was an unlikely messiah. Freshly paroled, he stumbled into San Francisco in 1967, just as thousands of impressionable young people were streaming into town for the Summer of Love. Posing as a musician, guru, or Christ figure, Manson built a commune cult of hippies consisting mainly of troubled young women. But what made this group set out on the four-week killing spree that claimed seven lives? Former Journalism Professor David J. Krajicek seeks to discover just that. This book includes an introduction into the counterculture of the sixties, in-depth profiles of Manson's followers, breakdowns of each murder including diary accounts, interviews, and legal testimonies from the killers themselves. An account of the events in Manson's own words, insight into Manson's manipulations and psychology. Set against events of the time: the sexual revolution, the civil rights movement, race riots, space exploration, rock music, this is the story of Flower Power gone to seed.

Perception of Reality and the Fate of a Civilization Richard J. Robertson, 2003-11-18. Many observers of the world scene in recent decades have raised questions about the future of Western Civilization and the United States as the foremost exemplar. They see us locked in tangles of inconsistent intentions and self-contradictory efforts to remedy growing political and environmental problems. This development may be an inevitable consequence of the evolution of first principles which deteriorate in a civilization as their implications are drawn out over time. The process is one in which people, behaving to maximise individual and social purposes, competitively reinterpret their perceptions of reality until the culture stagnates from a deficiency of common purpose.
