The Medieval Hebrew Leviticus Rabba:

The Medieval Hebrew Leviticus Rabba Charles F. Horne, 2005-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. *The Late Medieval Hebrew Book in the Western Mediterranean* Javier del Barco, 2015-09-29 This collection takes the Hebrew book as a focal point for exploring the production, circulation, transmission, and consumption of Hebrew texts in the cultural context of the late medieval western Mediterranean. The authors elaborate in particular on questions concerning private vs. public book production and collection, the religious and cultural components of manuscript patronage, collaboration between Christian and Jewish scribes, artists, and printers, and the impact of printing on Iberian Jewish communities. Unlike other approaches that take context into consideration merely to explain certain variations in the history of the Hebrew book from antiquity to the present, the premise of these essays is that context constitutes the basis for understanding practices and processes in late medieval Jewish book culture. **Medieval Hebrew Manuscripts Reused as Book-bindings in Italy** Mauro

Perani, 2022-01-04 This richly illustrated volume offers the most comprehensive and updated survey on about sixteen thousand Hebrew manuscript fragments reused as book bindings and preserved in hundreds of libraries and archives in Italy. Contributions by the leading scholars in the field elucidate specific collections and genres, no less than individual fragments, bringing to new life a forgotten library of medieval Jewish books, as almost 160 Talmudic codices which include the Mishna Tosefta, Palestinian Talmud, and for the most part the Babylonian one, and several hitherto unknown texts. The contribution of these fragments to the ongoing research on the European Genizah, as the Books within Books Project, and to Jewish Studies in general, cannot be overestimated. *Commentary on Midrash Rabba in the Sixteenth Century* Benjamin Williams, 2016 This work highlights the importance of Abraham ben Asher's commentary on Genesis Rabba, demonstrating the influence of this commentary on both his contemporaries and printed editions of the classical Midrashim to the present day. **Between**

Hebrew and Arabic Poetry Yosef Tobi, 2010-07-14 The book includes sixteen studies about medieval Hebrew poetry compared with Arabic poetry. It is well known that since the tenth century, medieval Hebrew poets took Arabic poetry as the ultimate paradigm in terms of prosody, language purism, and rhetorical devices, and even in regard to poetical genres. However, the concept unifying all studies in this book is that a comparative examination must consider not only the identical elements in which Hebrew poetry borrowed from the Arabic one, but also what is much more significant: what Hebrew poetry stubbornly set itself at a distance from Arabic poetry. The conclusive result of this sort of examination is that Hebrew poetry combined selectively borrowed Arabic poetical values with traditional ethical Jewish values to create a distinctive poetical school. Abraham Ibn Ezra and the Rise of Medieval Hebrew Science Shlomo Sela, 2003-01-01 This book studies Abraham

Ibn Ezra's 1089-1167 scientific thought. His life and oeuvre are viewed as the very embodiment of the rise of medieval Hebrew science, a process in which Jewish scholars gradually adopted the holy tongue as a vehicle to express scientific ideas.

Judaism II Michael Tilly, Burton L. Visotzky, 2021-02-10. Judaism, the oldest of the Abrahamic religions, is one of the pillars of modern civilization. A collective of internationally renowned experts cooperated in a singular academic enterprise to portray Judaism from its transformation as a Temple cult to its broad contemporary varieties. In three volumes, the long-running book series *Die Religionen der Menschheit* (Religions of Humanity) presents for the first time a complete and compelling view on Jewish life now and then, a fascinating portrait of the Jewish people with its ability to adapt itself to most different cultural settings, always maintaining its strong and unique identity. Volume II presents Jewish literature and thinking: the Jewish Bible, Hellenistic, Tannaitic, Amoraic, and Gaonic literature, to medieval and modern genres. Chapters on mysticism, Piyyut, Liturgy, and Prayer complete the volume.

War and Peace in Jewish Tradition Yigal Levin, Amnon Shapira, 2012-03-15. The transition between the reality of war and a hope for peace has accompanied the Jewish people since biblical times. However, the ways in which both concepts are understood have changed many times over the ages, and both have different implications for an independent nation in its own land than they do for a community of exiles living as a minority in foreign countries. This book explores the concepts of war and peace throughout the history of Judaism. Combining three branches of learning: classical Jewish sources from the Bible to modern times, related academic disciplines of Jewish studies, humanities, social and political sciences, and public discussion of these issues on political, military, ideological, and moral levels, contributors from Israel and the USA open new vistas of investigation for the future, as well as an awareness of the past. Chapters touch on personal and collective morality in warfare, survival, though a long and often violent history, and creation of some of the world's great cultural assets in literature, philosophy, and religion, as well as in the fields of community life and social autonomy. An important addition to the current literature on Jewish thought and philosophy, this book will be of considerable interest to scholars working in the areas of Jewish Studies, theology, modern politics, the Middle East, and biblical studies.

Jewish Life in the Middle Ages Israel Abrahams, 1896. [The Jewish Reformation](#) Michah Gottlieb, 2021. In the century and a half beginning with Moses Mendelssohn's pioneering translation and the final one by Martin Buber and Franz Rosenzweig, German Jews produced sixteen different translations of at least the Pentateuch. Exploring translations by Moses Mendelssohn, Leopold Zunz, and Samson Raphael Hirsch, Michah Gottlieb argues that each articulated a middle-class Judaism that was aligned with bourgeois Protestantism, seeing middle-class values as the best means to serve God and the authentic actualization of Jewish tradition.

Theology and the Scientific Imagination Amos Funkenstein, 2018-11-13.
