The Positive Power of Prayer Dweep Jyot Singh, John Davidson, 2018-10-14 Table of Contents The Positive Power of Prayer Introduction So Pray Tell Me Sir How Often Do You Pray You Need To Pray You Have To Pray Come To Our Prayer Meetings Do Prayers Really Work The story of a dove of Peace Who Teaches One to Pray The

Power of Faith Angels and Non Angels Conclusion Author Bio Publisher Introduction Prayers can be in any form In ancient times meditation was considered to be a part of prayer and getting the soul to harmonize with the universe People are going to wonder why I am writing a philosophical book when basically I write books on parenting healing natural cures and psychological books That is because I have been writing The Science of Living Books for many years and have written about the power of faith to heal and the miracle of life itself and so having come across a number of little miracles during one s day to day life one wonders why we do not count our blessings and give thanks in prayer more often Many people in the 21st century who have been brought up with the attitude that faith prayer belief in religion are old fashioned you may not know it but this attitude is getting more and more prevalent with the younger generation today with the coming of materialism which is taking over the power of spirituality to influence a youngster for good or evil may say not another book on pray it is good for you a preachy book This book is definitely not like that It has nothing to do with religion It has nothing to do with your personal beliefs and the way in which you communicate with the higher power whoever you follow and believe in That is none of my concern I could not care less about your religion I am talking about the joy of learning how to get in touch spiritually with some good power out there in the universe bringing harmony to body mind heart spirit and soul People have been trying to do that for millenniums Those who could not understand the concept decided that they had better think of something in the form of visible rituals and worship of visible manifestations of the higher spirit And that was more than 15 000 years ago when natural phenomena which were not understood by humans who had just begun to use their brain for thinking started to think that appeasement of a more powerful spirit would be better all around for their well being physical mental spiritual and later on emotional and psychological And so the concept of prayer started We 15 millenniums later are doing the same thing naturally instinctively and for thousands of years we have held some beliefs tenets commands commandments rules traditions of proper behavior to restrict or more uncivilized natures and keep them under control That is how society has been kept under control for millenniums all over the world The Make It Happen Journey Gary J. Borgstede,2010-06 The Make It Happen Journey creates a culture of kingdom empowerment based on team centered values that reach people in the marketplace and help them unleash their extraordinary God given potential Since the book is written to a secular corporate business audience the verbiage used is the make it happen language of business The team values highlighted are defined as Make It Happen Team Values and each value is based upon faith principles that can be applied to real life and business Some Examples of the Make It Happen Team Values Are People Are Led by Servant Leaders People Are Service Enthusiasts Take Calculated Risks in the Pursuit of Excellence Work Extremely Hard and Have Lots of Fun Celebrate Individual and Team Accomplishments with Abundance Mentality **Rules for Radical Christians** Nelson R Foster,2019-10-04 This book is a brutal expose of religion s failure to keep and preserve our Godly American culture and the unconventional answer to restore the cultural soul that is rightfully ours to maintain It exposes the history and spiritual

influences behind the decline and the process Christians can follow to reverse that decline Liberals may claim that they are godless Atheists but the truth is they are following the doctrines of Lucifer and following a game plan taught by followers of Lucifer We are losing a spiritual battle by fighting with the tools of the flesh logic reason emotion science and the law We are bound to lose We need to learn the rules and methods that have been proven to work spiritually against a ruthless spiritual opponent Liberals know full well that they are fighting for the soul of our nation We need to realize that the soul they are fighting for is the complete corruption and loss of the Godly soul our founding fathers tried to establish for our nation It not only presents the problem but also provides the solution to our problem and the promise that the problem of ungodliness in our culture can be reversed Godliness can be restored We are also fighting for the soul of our nation It is NOT the same soul that the Liberals are trying to preserve They have corrupted our nation by deception We can restore the national soul they corrupted with the truth The Power of the Herd Linda Kohanov,2015-07-20 Linda Kohanov is beloved for her

Kaasi,2014-02-28 If you want your life to be significant and mean something the best thing you should do is to impact other peoples lives Let this book influence you to be an actor instead of an on looker or spectator in life The author wants the reader to study closely the people who were and still are successful and happy so that the reader will realize the faith exercised by these people the failures they endured and the complexity of the process they went through to have acquired their accomplishments You do not have to have the tangible possessions to know that you are wealthy but if you feel and conduct yourself in the manner in which other successful and happy people conduct themselves it will feel as if you do not even need the tangible things because of your dominant state of your mental attitude towards success and happiness Be afraid of giving up whenever faced with an impossible challenge perhaps as far as your mental attitude is concerned God is

helping you He is with you He is guiding you and He will see you through Dont be envious and jealous rather admire people who are successful and happy in life Life is a blessing **The Power of Positive Praying** John Bisagno,2005-08
