

A military tank, possibly an M1 Abrams, is shown in a desert environment. The tank is dark-colored and has several soldiers in camouflage uniforms and helmets positioned around it. The background is a dry, sandy landscape with some sparse vegetation. The overall scene suggests a military operation or training exercise.

How to Coach Individuals, Teams, and Organizations Stephen K. Hacker, 2012-04-02 Transformational coaching by a person who has personally experienced transformation and has mastered a specific coaching methodology is a powerful catalyst for holistic change. The transformational coach can awaken individuals and groups to greater awareness and a sense of purpose that enables them to move through these barriers and access untapped sources of energy for breakthrough potential. This book offers a practical yet provocative approach and gives coaches, organizational and business leaders, HR executives, and other change agents a proven approach for creating transformative change on an individual and collective scale by first coaching themselves and then other individuals, their teams, and their organizations for significant improvements in performance and effectiveness. This is a hopeful book that envisions individuals bringing their whole selves to work, work as an act of co-creation among everyone in the organization, and organizations deepening their connection to their employees, stakeholders, and partners and society as a whole. The book's unique contributions to the field of individual and collective transformation in the workplace are built on three central ideas: Radical improvement is possible only through a transformation rooted in expanding consciousness and integrating the body, mind, and spirit. Purpose and vision can then be drawn from deeper wisdom and fueled from a larger source of creative energy, spirit-generated creativity. Radical improvement in collective performance is not a top-down phenomenon. Rather, it hinges upon the individual members embracing transformation in their own lives and finding alignment between their and the group's purpose, vision, and values. Radical improvement can be implemented, sustained, and repeated if it is pursued through a holistic, systematic yet practical framework that also incorporates solid processes for planning and implementing change and measuring results.

The Heart That Loves Us Jody Diehl, 2018-12-14 Blessed is the star of joy. That God may send our way. It draws us ever closer. Sends us to our knees to pray. We must not see it as a cloud. But as a ray of light. A star of joy from heaven. That will bless us in His sight. Jody Diehl. God not only loves us as our Father but also as our Creator and Shepherd. His love is what gives us joy, peace, comfort, hope, strength, and wisdom. No matter what happens during our earthly lives, God will never leave or forsake us. His grace will sustain us, and His mercy endures forever. In a collection of inspirational poems, Jody Diehl shares God's messages that allow spiritual seekers to gain a deeper understanding of Him and their faith. Her poems reflect on all the ways that God is present in our lives, why we should believe in miracles, and why He sometimes sends stars from heaven. Included within her verse are scriptural passages that guide seekers to find further inspiration within the pages of the Bible. *The Heart*
